No. 809 Naval Air Squadron, Fleet Air Arm. H.M.S. Ark Royal, 1970

ADVICE
Locate the precise spot for each decal on the model referring to the decoration scheme provided for the version selected. Cut around each decal, soak it in lukewarm water for several seconds, blot away excess water, then slide the decal off its backing onto the appropriate spot on the model. Use a brush to correctly position the decals, and avoid touching them directly with the fingers in order to prevent any damage.

CONSEILS

Repérer l'emplacement de chaque décalcomanie sur la maquette, en étudiant le plan de décoration de la version choisie, découper chaque motif de décalcomanie, le tremper dans l'eau tiède pendant quelques secondes, enlever l'excédent d'eau avec un buvard puis le faire glisser de son support vers l'emplacement prévu. Pour une mise en place correcte des décalcomanies, utiliser un pinceau et éviter tout contact direct avec les doigts afin de ne pas les détériorer.

RATSCHLAGE

Schauen Sie sich auf dem Dekorschema an, wo sich bei Ihrer Version, die Abziehbilder befinden. Schneiden Sie jedes Motiv einzeln aus, tauchen Sie es einige Sekunden lang in lauwarmes Wasser, tupfen Sie das überschüssige Wasser mit Löschpapier ab, und lassen Sie dann das Abziehbild von seiner Plastikfolie auf das Modell gleiten. Sie sollten vermeiden, die aufgeklebten Abziehbilder mit den Fingern anzufassen. Zum Zurechtücken sollten Sie lieber einen Pinsel verwenden.

No. 809 Naval Air Squadron, Fleet Air Arm. H.M.S. Ark Royal, 1976

ADVICE

Locate the precise spot for each decal on the model, referring to the decoration scheme provided for the version selected. Cut around each decal, soak it in lukewarm water for several seconds, blot away excess water, then slide the decal off its backing onto the appropriate spot on the model. Use a brush to correctly position the decals, and avoid touching them directly with the fingers in order to prevent any damage.

CONSEILS

Repérer l'emplacement de chaque décalcomanie sur la maquette, en étudiant le plan de décoration de la version choisie, découper chaque motif de décalcomanie, le tremper dans l'eau tiède pendant quelques secondes, enlever l'excédent d'eau avec un linge, puis le faire glisser de son support vers l'emplacement prévu. Pour une mise en place correcte des décalcomanies, utiliser un pinceau et éviter tout contact direct avec les doigts afin de ne pas les détériorer.

RATSCHLAGE

Schauen Sie sich auf dem Dekorationsplan an, wo sich bei Ihrer Version, die Abziehbilder befinden. Schneiden Sie jedes Motiv einzeln aus, tauchen Sie es einige Sekunden lang in lauwarmes Wasser, tupfen Sie das überschüssige Wasser mit Löschpapier ab, und lassen Sie dann das Abziehbild von seiner Plastikfolie auf das Modell gleiten. Sie sollten vermeiden, die aufgetriebenen Abziehbilder mit den Fingern anzufassen. Zum Zurechtücken sollten Sie lieber einen Pinsel verwenden.

ADVICE

locate the precise spot for each decal on the model, referring to the decoration scheme provided for the version selected. Cut around each decal, soak it in lukewarm water for several seconds, blot away excess water, then slide the decal off its backing onto the appropriate spot on the model. Use a brush to correctly position the decals, and avoid touching them directly with the fingers in order to prevent any damage.

CONSEILS

Rapporter l'emplacement de chaque décalcomanie sur la maquette, en situant le plan de décoration de la version choisie, découper chaque motif de décalcomanie, le tremper dans l'eau tiède pendant quelques secondes, enlever l'excédent d'eau avec un linge et puis le faire glisser de son support vers l'emplacement prévu. Pour une mise en place correcte des décalcomanies, utiliser un pinceau et éviter tout contact direct avec les doigts afin de ne pas les abîmer.

RATSCHLAGE

Schauen Sie sich auf dem Dekorationssplan an, wo sich bei Ihrer Version, die Abziehbilder befinden. Schneiden Sie jedes Motiv einzeln aus, tauchen Sie es einige Sekunden lang in lauwarmes Wasser, tupfen Sie das überschüssige Wasser mit Lösspapier ab, und lassen Sie dann das Abziehbild von seiner Haftfläche auf das Modell gleiten. Sie sollten vermeiden, die aufgetriebenen Abziehbilder mit den Fingern anzufassen. Zum Zurückschieben sollte Sie i-b-c einen Pinsel verwenden.
