EagleCals #78

Fw 190 A-8s JG 5, JG 54 and JG 301

Decals designed for the Hasegawa 1/32nd Fw 190 A-8 kit ST-21. For additional National Markings decals, **EC#49-32** is recommended. In order to enhance the Hasegawa 1/32 Fw 190 A-8, we suggest adding the series of **EagleParts** resins designed specifically for this kit. Aftermarket items available include, main wheels and tires with the correct tread (**EP#48-32**), corrected gun cowl (**EP#49-32**) and corrected propeller blades with accurately shaped spinner. Choose from three propeller styles, **EP# 45-32**, the common 9-12067A metal propeller that is included with the kit but not quite accurate; **EP#46-32**, 9-12153A with external weights; or **EP#47-32**, 9-12176A larger wooden paddle blade propeller. Each set of propeller blades comes with a spinner. Listed below are the proper propellers for each aircraft.
