

Buccaneer Cockpit set

This detail set is manufactured from photo etched brass and is for use on the Airfix kit. To separate components from fret use a sharp modeling knife on a firm surface, Cutting as near to the part as possible. Tag scars can be cleaned by holding part in and using a fine file. To fold parts use Airwaves folding tool AM022 to hold part up to line of fold and fold in one go. For assembly use superglue or 5 minute epoxy.

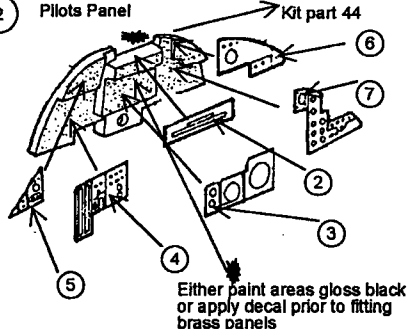

Airwaves are manufactured and distributed by E.D. Models, 64 Stratford Road, Shirley, Solihull, England B90-3LP
