

Attention!

- This item is meant for hobbyists 15 years of age or older. Please do not give this item to children under 15.
- This item is intended for use with the Zoukei-mura 1/48 "Ta 152 H-1".
- The polyethylene bags that contain the parts of each assembly manual present a suffocation risk. Please do not drop the parts or bend them in unintended ways, as they may be damaged.
- In order to properly express the shape of the sculptings, it was unavoidable for some parts to have sharp edges. Please be careful.

SUPER WING OPTIONS

Metal Struts

This kit is made of white metal. Please note that these parts cannot be glued with plastic model kit cement. Instant glue is recommended.
 ZOUKEI-MURA INC., All Rights reserved.

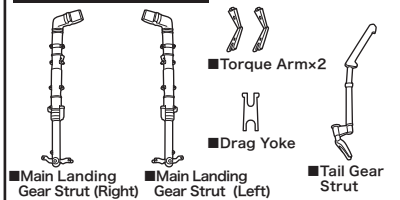

◆◆Important Points for Assembly◆◆

- Before opening the bag, please carefully read this instruction manual and verify that all the parts are included. Please also refer to the 1/48 "Ta 152 H-1" instruction manual to use these parts.
- To build this kit, a big pincher, a cutting knife, sandpaper, waterproof sandpaper, instant glue, and Metal Primer spray are required. Please make sure they are at hand before starting your work.
- This kit is made of white metal. Parts should be refined. After removing parts' gates with big nippers, remove flash with files and polish the surface with waterproof sandpaper. Be careful not to damage the surface. Please use the blade of nippers might break up, please use caution. After roughly sharpening the "parting lines" with the cutting knife and the sandpaper, clean up and polish the surface with waterproof sandpaper. Be careful not to damage the parts.
- To affix the parts of the kit, please use instant glue. Please do not use glue dedicated to plastic models.
- Before painting, make a primer coat using the Metal Primer. (Without primer coat, paint may peel.)
- The recommended brand for painting your kit is the latest line of paint from Vallejo Color, due to its non-toxicity and environmental friendliness. While referring to resources on historical Luftwaffe aircrafts, you may paint the model with the coloring of your choice.

※Please carefully use the tools and the solvents used for assembly and painting by referring to their instruction manuals.

Chart of Included Parts

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.

1/48"Ta 152 H-1" Assembly Instructions

These parts will be inserted when assembling the 1/48"Ta 152 H-1"kit. Please refer to the instruction manual of the "Ta 152 H-1."

◇Tail Gear Strut Assembly

When assembling the tail gear strut, cut the tail wheel off from part A-8 to assemble with the "tail gear strut" and the "drag yoke" from this set.

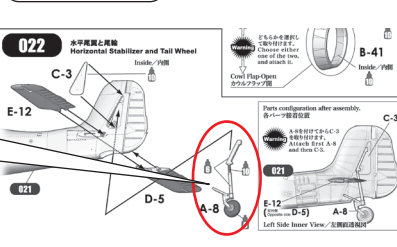

Cut the tail wheel off from part A-8 to use. (If it is difficult to cut off, please use the tail wheel from the Zoukei-Mura "Weighted Tires Set" which is sold separately.)

◇Tail Gear Strut Insertion

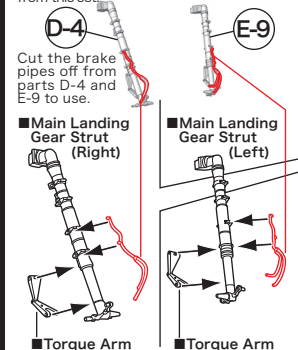

1/48 Ta 152 H-1 Instruction Manual P.12

Attach the assembled tail gear strut to the fuselage instead of part A-8.

◇Main Landing Gears (Left and Right) Assembly

When assembling both main landing gears, cut the brake pipes off from parts D-4 and E-9 to assemble together with the "left and right main gear strut" and the "torque arm" from this set.

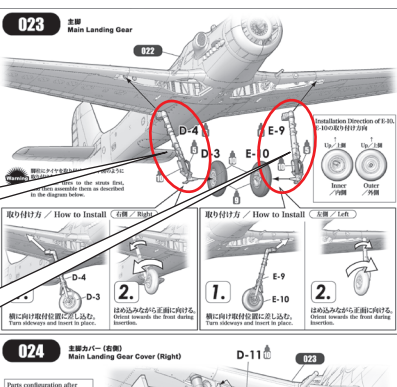

Cut the brake pipes off from parts D-4 and E-9 to use.

■ Main Landing Gear Strut (Right)
 ■ Main Landing Gear Strut (Left)
 ■ Torque Arm

◇Main Landing Gears (Left and Right) Insertion

1/48 Ta 152 H-1 Instruction Manual P.13

Attach both the left and right main gear struts to the fuselage instead of parts D-4 and E-9.

023 Main Landing Gear

如何の仕方 / How to Install (右側 / Right)

如何の仕方 / How to Install (左側 / Left)

024 Main Landing Gear Cover (Right)

When using the weighted tires parts (sold separately), the accuracy of the kit increases considerably.
