MiG-17F/PF (Fresco-C/D) Day/Night-Fighter Camouflage & Markings

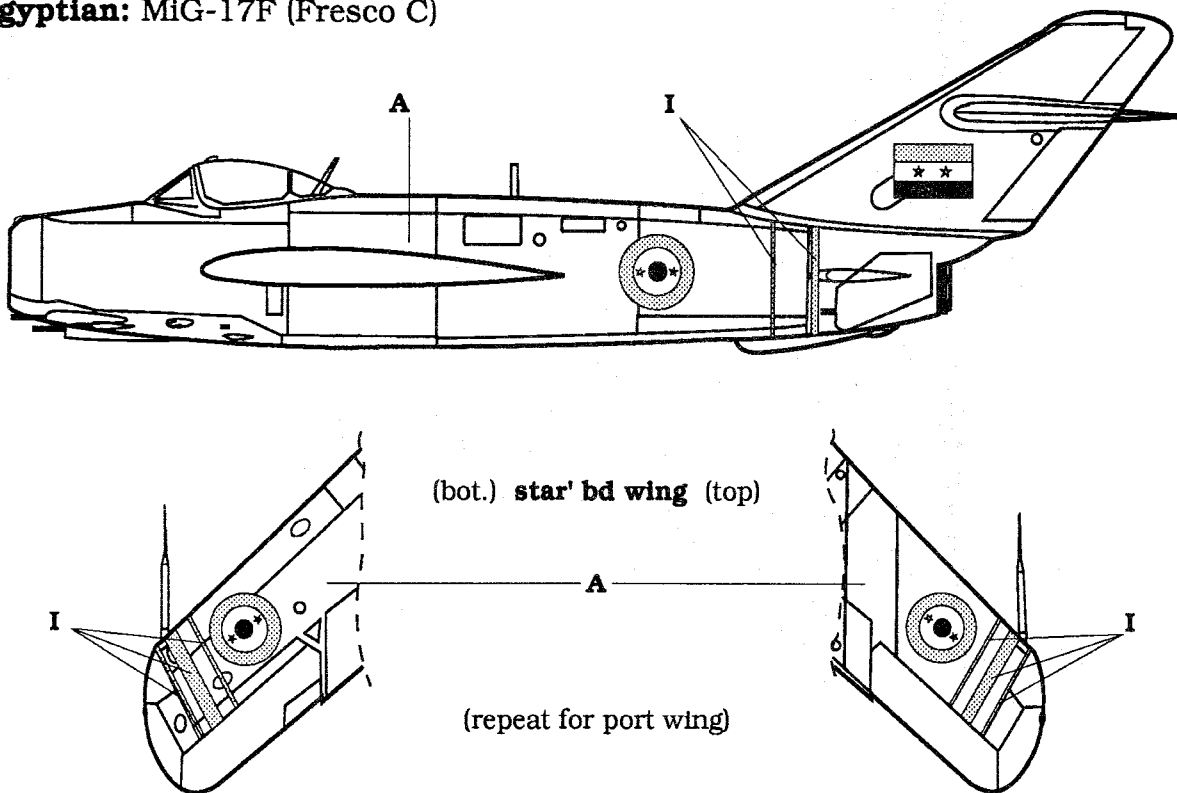

- 1) Read the instructions on the back of the decal sheet before proceeding.
- 2) The modeler should check his or her references for the specific aircraft being modeled to aid in exact placement of camouflage and markings.
- 3) The Egyptian and Ugandan markings can also be used for MiG-17PF (Fresco-D) 'night-fighter' versions. Camouflage and markings locations follow the (Fresco-C) 'day-fighter' schemes.
- 4) A MiG-17PF (Fresco-D) 'night-fighter' vacuum-form kit is available from War Eagle® Inc. The kit contains vacuum-form fuselage, wings, etc., Clear-Vax canopy, cast resin radar nose and cockpit tub,

metal detail parts and etched brass wing fences.
