"Sd.Kfz. 250/251 Hammer conversion (2 in 1)"

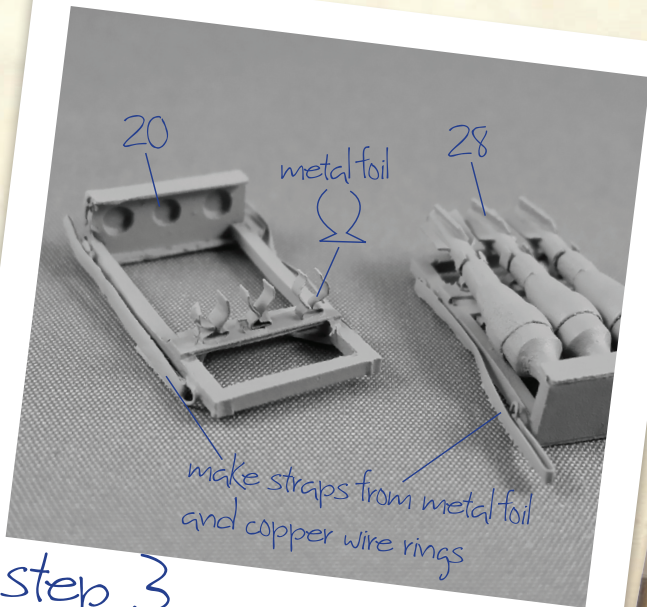

a logical development of the 7 hammer recoilless rocket launcher is a mobile version to enlarge the guns reach on the battlefield
 a simple pedestal mount with a seat was designed for the sdkfz 250 neu and the sdkfz 251d
 the pedestal was rotated by the gunner self and could be locked in position with a footbrake
 the vehicles also carried the standard mount and the grenade racks were fitted out with shoulder straps so the gun could be dismounted for use in the field

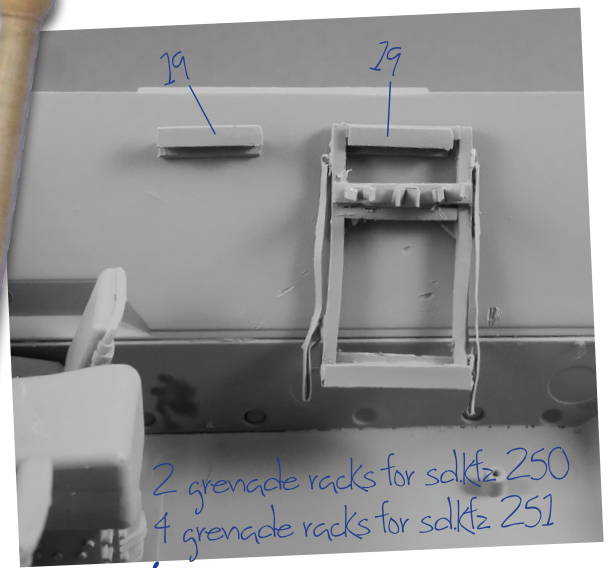

Sd.Kfz. 250/251 Hammer conversion (2 in 1)	
Item#: PPP35006	Scale: 1:35
Master Robert Blokker	Copyright 2014

Conversion will fit all 1:35 Sd.Kfz 250 neu and Sd.Kfz 251 D's available on the market
