

SKYHAWK A4B

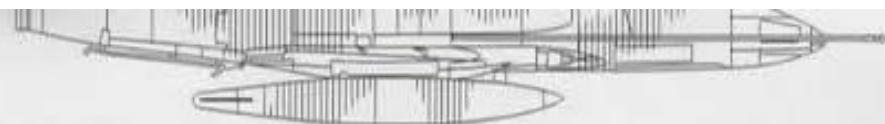

Skyhawk A4B de la Fuerza Aérea

Argentina, veterano de la Guerra de Malvinas.
El C-222 era de color Gris en su totalidad.
Su color se debió a la premura de entrar
en combate, lo que hizo no poderle
incorporar el camouflage correspondiente.
El otro es un avión de matrícula
desconocida posterior a la guerra utilizado
durante la década del 90.

*The Skyhawk A4-B was used by the Argentine
Air Force during Malvinas war (Falkland).*

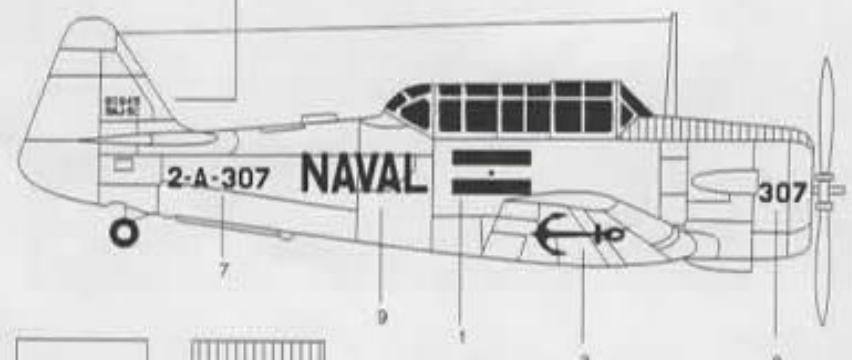

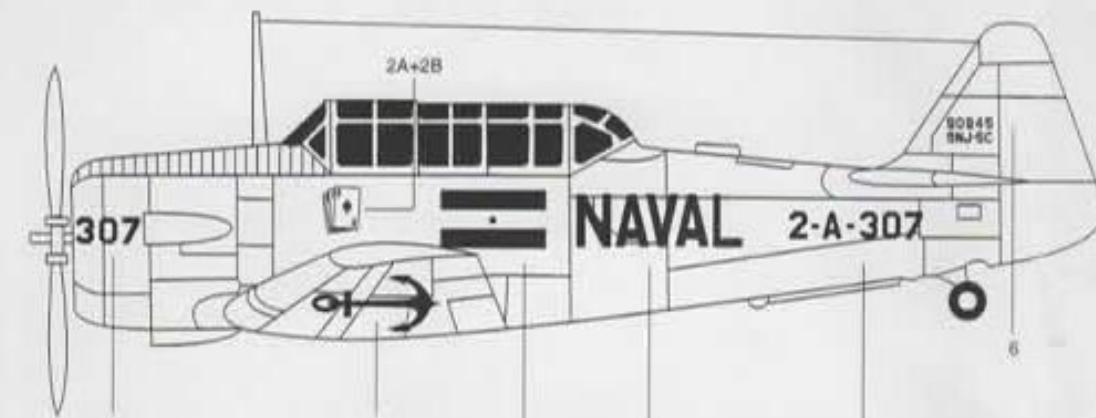

*The unit C-222 had a scheme all in grey.
It was because the urgency to send units to the war
front, and there wasn't time to paint it with the
corresponding scheme. The other scheme belongs to
an unknown unit with a scheme used during the 90's.
Kit available: Fujimi and Airfix.*
