MiG-17 Fresco

Walk Around No. 46

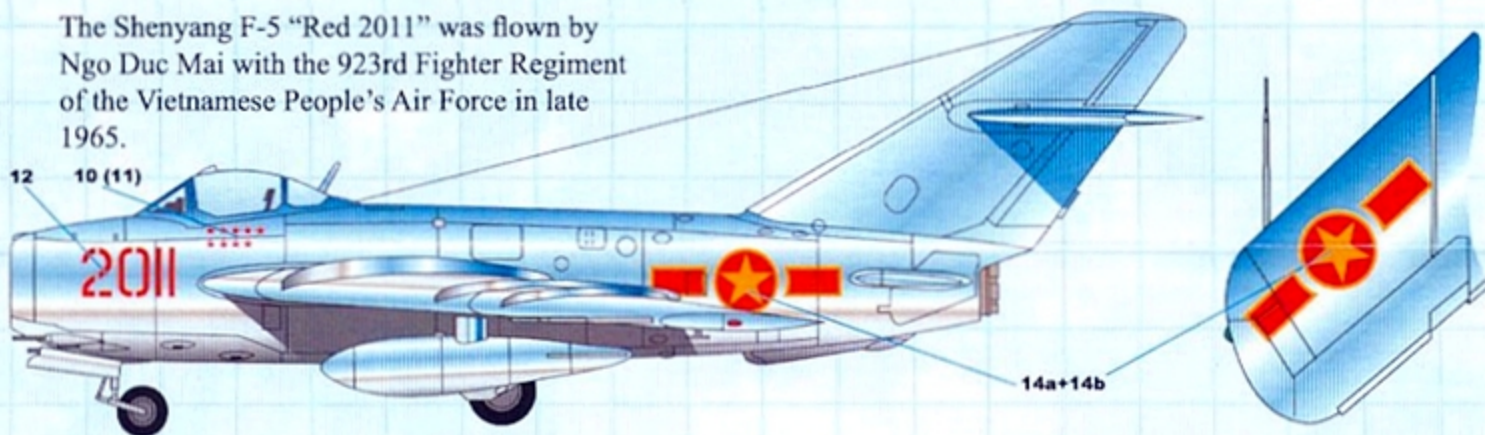

Indonesian, Vietnamese and Polish

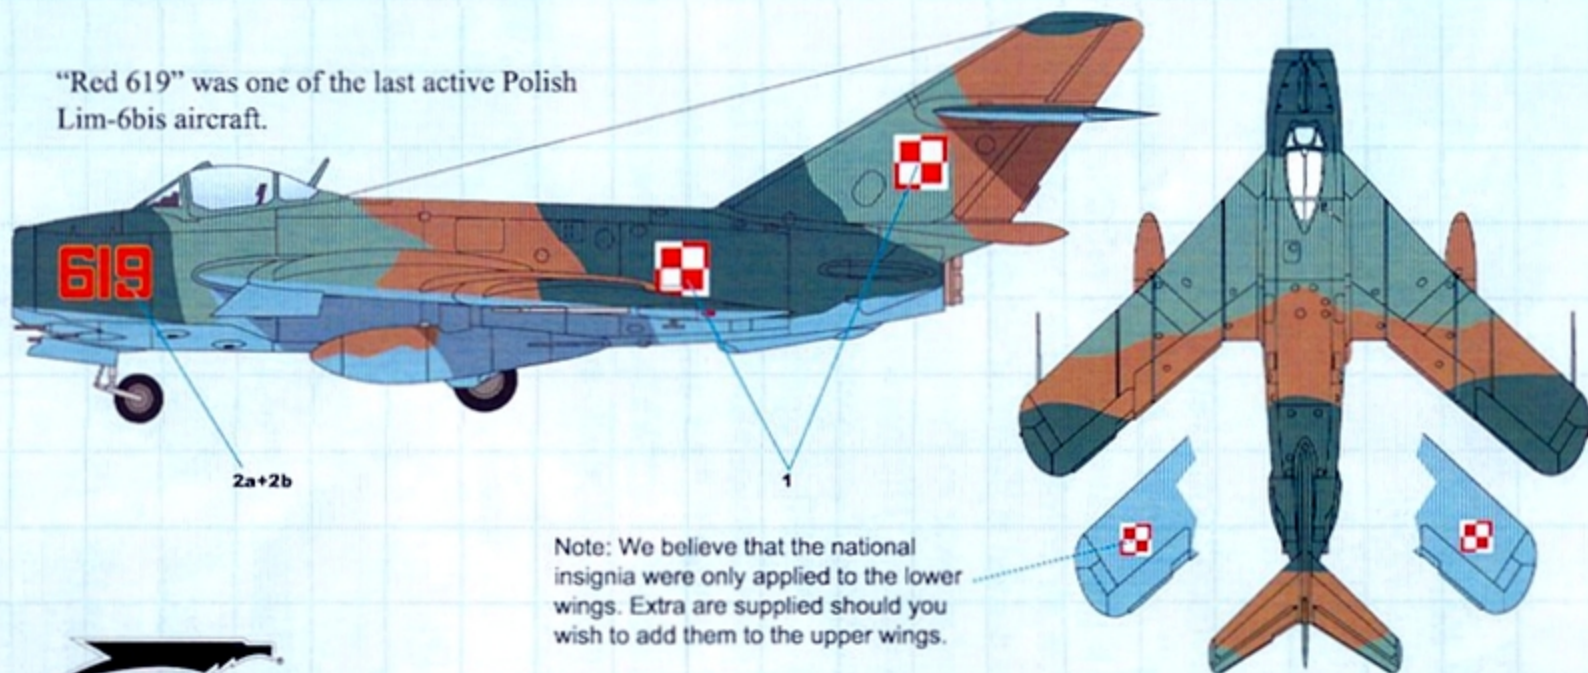

"Black 1103" was a Polish-built MiG-17F used by 11 Squadron of the Indonesian Air Force.

The Shenyang F-5 "Red 2011" was flown by Ngo Duc Mai with the 923rd Fighter Regiment of the Vietnamese People's Air Force in late 1965.

"Red 619" was one of the last active Polish Lim-6bis aircraft.

Note: We believe that the national insignia were only applied to the lower wings. Extra are supplied should you wish to add them to the upper wings.
