

D.B. CONVERSIONS

Griffon engine SPITFIRES

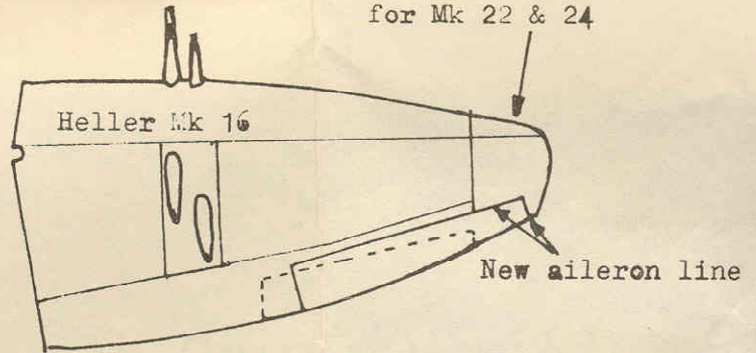

With this conversion you can make any Griffon engine Spitfire by cross kitting with Heller Mk 16E and Airfix Mk 1 & Mk5 as described below. Use two part 5 minute epoxy glue. Fill where necessary.

Extend tailplane by inserting
5 mm plastic card plug for
Mk 22 & 24

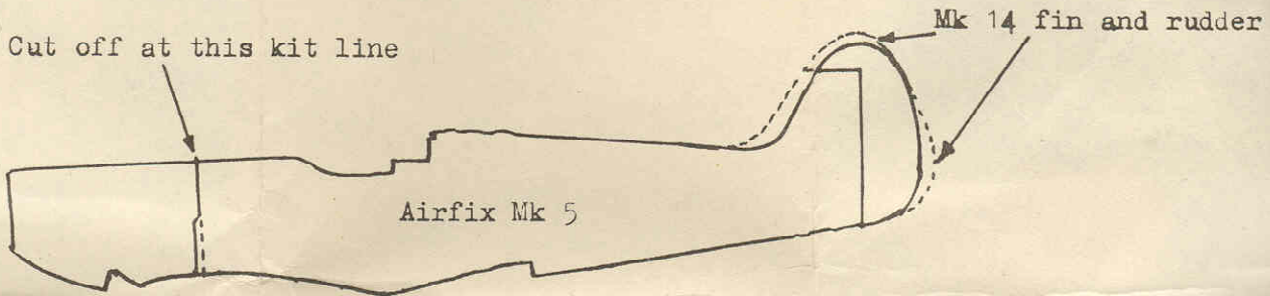

Extend wing tip with
plastic card and filler
for Mk 22 & 24

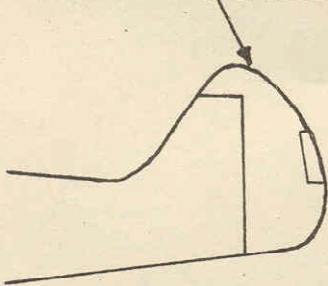

Fill Mk 16 aileron line

Cut off at this kit line

Mk 21 fin and rudder

By using Airfix Mk 5 fuselage and
Heller F16 wing a Mk21 can be made.

Using the Heller F 16 fuselage and
Airfix Mk 5 wing a Mk 19 can be made.
