PARTS WITH GLUE • DÍLY OPATŘENÉ LEPIDLEM

- Do not touch the adhesive areas of the etched components.
- Nesahejte na části dílů, na kterých je nanášeno lepidlo.

- Separate the etched components from their frames on the protective paper. Removal from the paper is done only after separation of the parts from the frames.

- Samolepící díly oddělujte od rámečku na podkladovém papíře. Po oddělení je sejměte z krycího papíru.

- Do not inadvertently place etched components on an unwanted surface. Attempts to remove will result in damage to your part.
- Nepokládejte samolepící díly na volné plochy. Pokud je omylem přilepíte, při pokusu o odlepení dojde k poškození dílu.

- Hold the parts by the edges, or at areas free of adhesive.
- Samolepící díly berte za hrany nebo za části, na kterých není nanášeno lepidlo.

- Lightly place the component in the desired location and position. Adjust as required. The component will be permanently affixed when pressed onto its intended location, its location can be adjusted.
- Díl lehce položte do pozice, ve které má být nalepen. Upravte přesnou pozici a přimáčkněte. Díl dokonale přilne až po přimáčknutí, před přimáčknutím lze dílem opatrně manipulovat.
