COLOUR GUIDE:

NM:	NATURAL METAL
B:	BLACK
W:	WHITE
OD:	OLIVE DRAB
LOG:	LIGHT OCEAN GREY
DOG:	DARK OCEAN GREY
LAG:	LIGHT AIRCRAFT GREY
Y:	YELLOW
IR:	INSIGNIA RED
S:	SILVER

NOTES: The finish of this aircraft would have been satin or gloss as it's surface was polished - this was done in order to squeeze a few extra miles per hour of speed from the aircraft - a matt finish would increase drag. Was it worth it? I suppose the plane looked nicer in a shiny finish! Underside was bare metal - to save weight (and presumably win back a little more extra speed!).
