

Decals by *FLIGHTLINE* for *C & H AERO MINIATURES*  
 F-101C 81<sup>st</sup> TFW, 91<sup>st</sup> TFS. 1960

NOTES

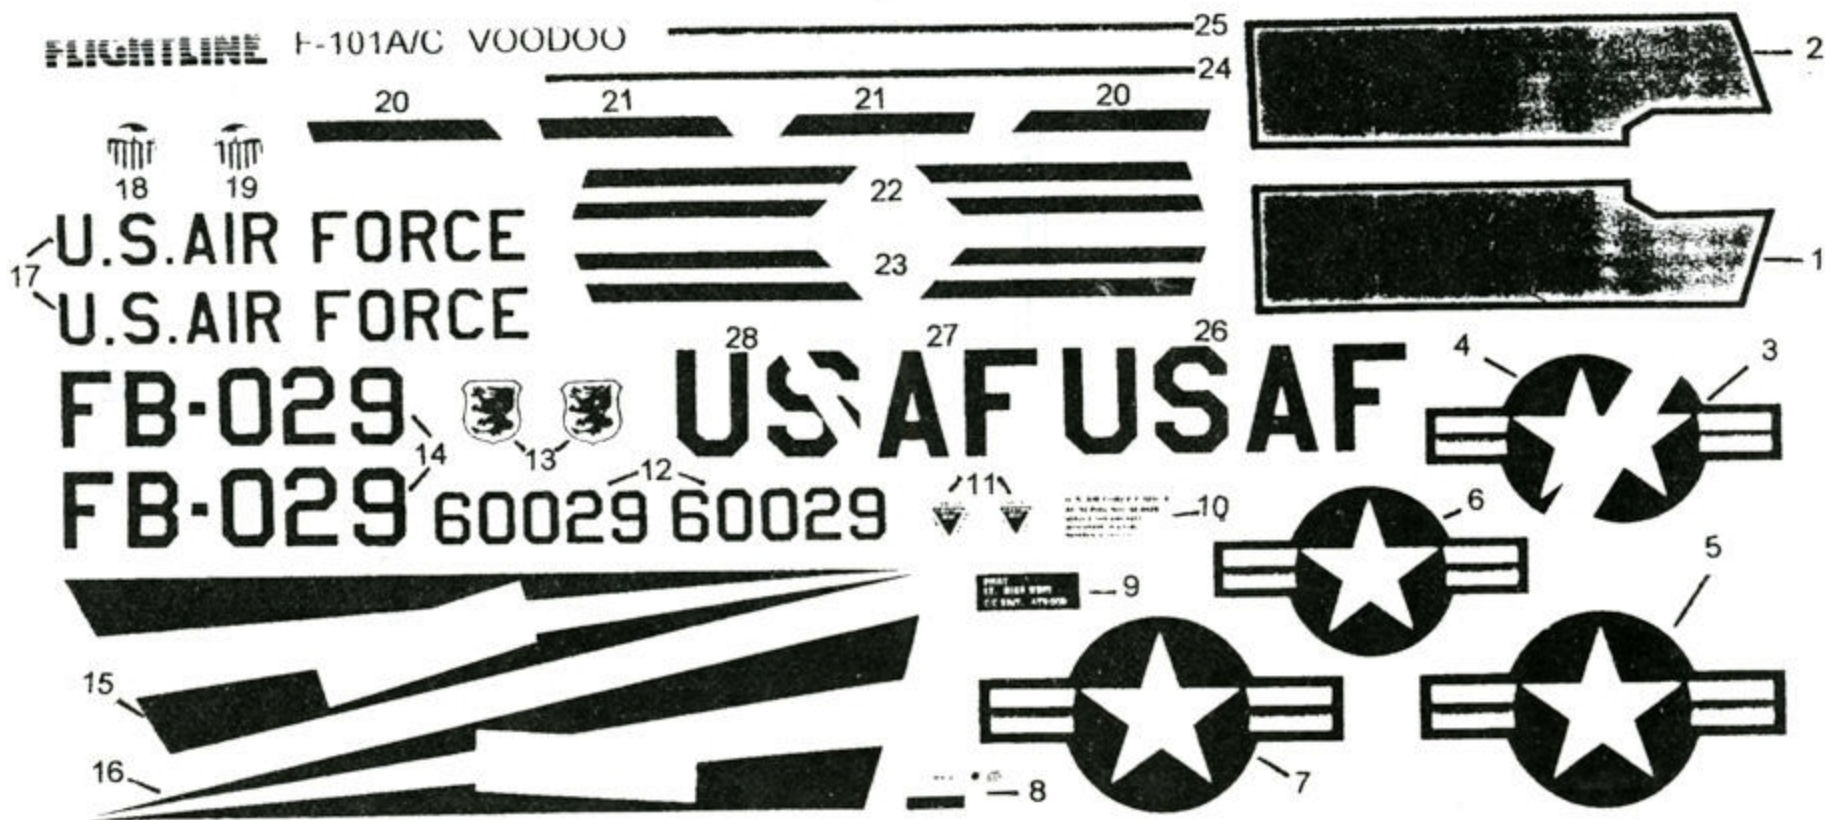

Decal 7--right side.

Decal 15--right side.

Decal 18--right side.

Wing tip must be painted blue to match decal 20 & 21.

Decals 20 and 21 may be too short, but by mixing decal stripes 22 and 23 satisfactory results can be obtained.

# AIRCRAFT COLORING

Overall aircraft--Natural metal

Some panels may be differing shades due to differing alloys.

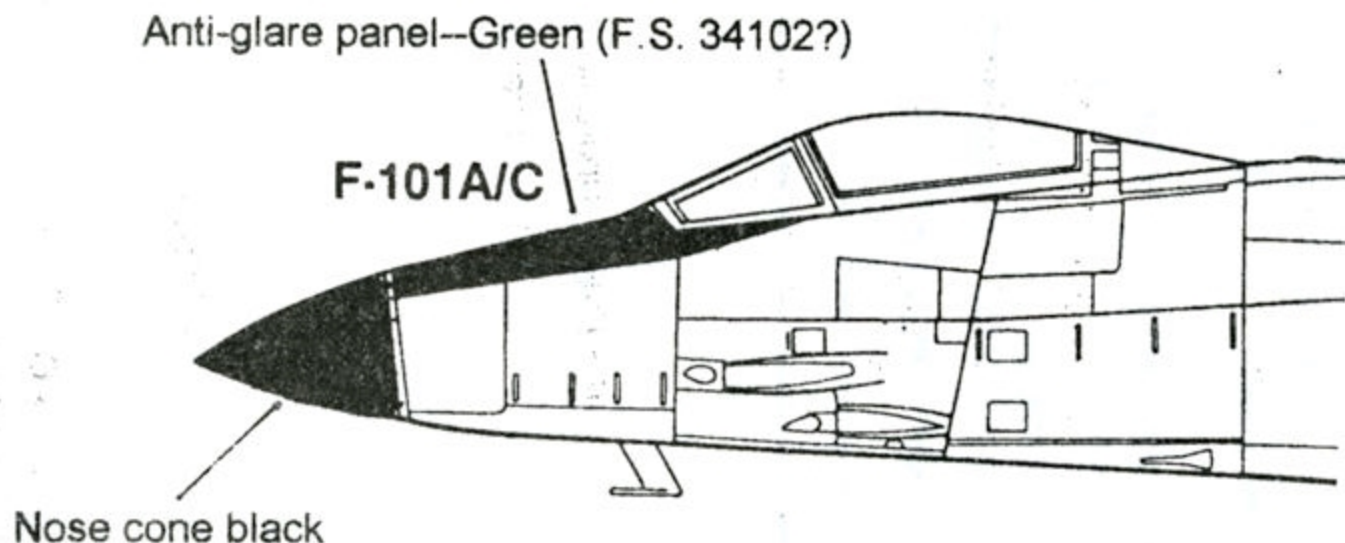

Some panels may be painted aluminum paint.

Some panels may be painted gray.

Consult photo sources in your references.

Nose cone--Black

Anti-glare panel--Green, probably F.S.34102 but am not sure of exact shade. If you know let us know.
