**Kit # 22
& #23**

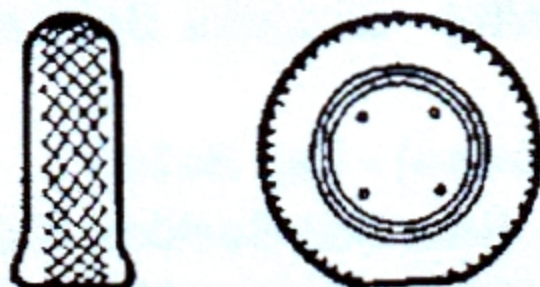

P-40E/N Warhawk Cockpit Assembly TD72458

(Recommended for 72nd scale HASEGAWA kits) These parts may be used with other P-40 kits with modifications.

NOTE: These parts are resin parts, Super Glue or epoxy must be used for gluing.

P-40 E/M (Covered) TD72010

Congratulations on purchasing another fine **True Details** product. Our flattened and bulged wheels, shown above, will add a new degree of realism to your models. All of our wheels have accurate wheel/hub detail and tire tread pattern. They are bulged to give your model the realistic look of a loaded aircraft.
