DECALS

CBU POSITION ON RACK

(CBUs not included in set)

BASIC RACK LOADED WITH **CBU-87**
(EDUARD 648274)

BASIC RACK LOADED WITH **CBU-97**
(EDUARD 648275)

UPGRADED RACK LOADED WITH **CBU-105**
(EDUARD 648276)

WIRE / TUBE BUCKLES (EXTREMELY MAGNIFIED)

RUBBER THREAD FORMING

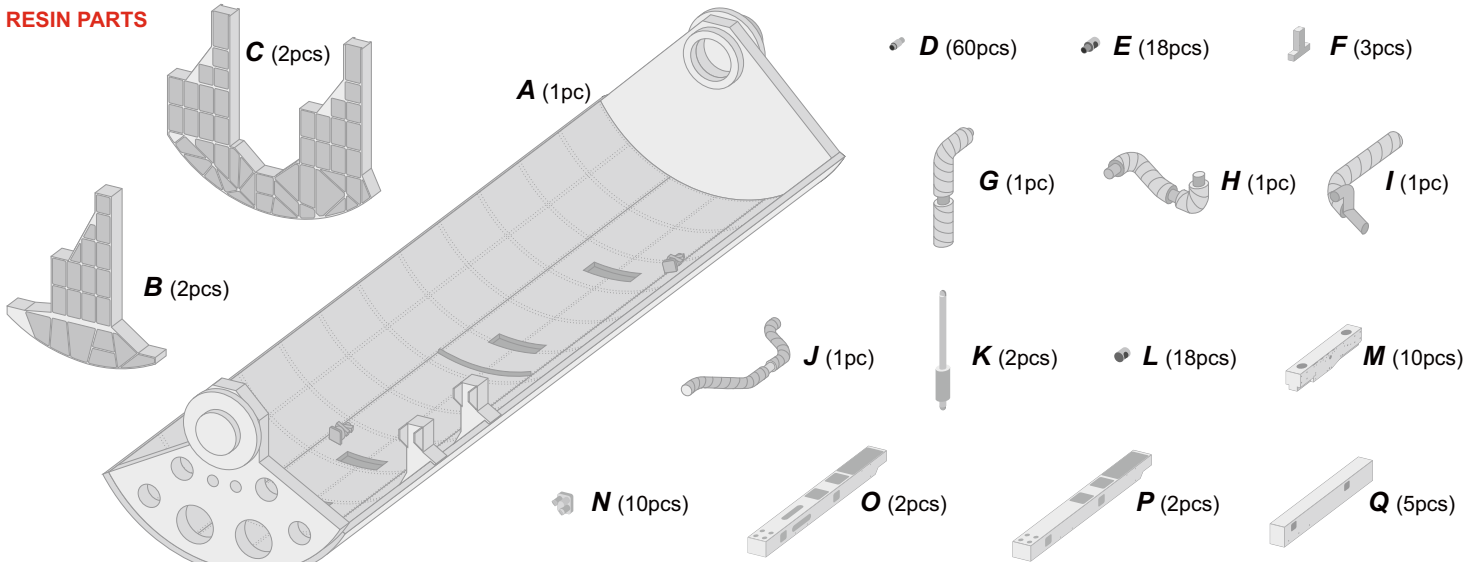

● CYANOACRYLATE (CA) GLUE ← CA RESISTANT SHARP STICK

1. Glue thread at the ends with CA glue. Leave to dry.
2. Fix the proper shape with sharp stick (bend more than needed) and cover curves with CA glue. Leave to dry, then release the stick. Repeat as needed.

DETAIL SET BOX CONTENT

NOTE This product contains metal and resin detail parts for upgrading your scale plastic model. When upgrading the model some cutting or corrections may be necessary for parts to fit accurately. Always Wash parts before gluing and painting. CA Cyanoacrylate glue is required to glue parts.

WARNING! This set contains small and sharp parts. Work carefully in a ventilated and well-lit room. Safety glasses and dust particle protections are recommended when cutting, scraping or sanding parts. Do not inhale Resin dust or particles. This product is not suitable for children below 14 years of age and beginners. It is intended for experienced and skilled modellers.
