HAWKEYE MODELS AUSTRALIA scale 1/72

DRAWING BY STEVEN EVANS

## **INSTRUCTIONS:**

### **Preparing the surface**

1. The colour of the Gulf War Squirrel is overall Compass Grey FS-26320.
2. The tail rotor is painted True Blue FS-15102 with a white tip and leading edge.
3. To achieve the white background in the roundels and the colour in the Barney Gumble cartoon you will need to paint a white circle before placing these decals.

### **Applying decals**

1. When you are ready to start applying the decals we recommend that you cut as close to the item as possible.
2. When soaking in water you only need to soak them for a maximum of 11seconds and then slide the item off the paper and straight on to the model.
3. Once on the model and in the right position, lightly press down on it with a dry tissue to soak up the excess water.

### **Finishing touches**

1. Once the decals have dried and you have cut off any excess you will then need to spray a clear gloss lacquer over the decals

**Warning: Be very gentle with the decal film when applying to model as the decal film is very thin and may tear if mistreated**

If you encounter any difficulties with these decals please e-mail Peter Mahoney at [peter@hawkeyemodels.com.au](mailto:peter@hawkeyemodels.com.au)
