

FOWLER AVIATION RESEARCH
 P. O. Box 148
 Sunnymead, Calif. 92388
 UNITED STATES OF AMERICA

Recommended kit: Airfix DC-9-30 Sheet 07

We recommend using the Micro-Scale decal system with our decals.

We wish to thank SOUTHERN AIRWAYS
 for their help and co-operation,
 Without which this decal would not
 be.

Use window punch supplied with kit to punch out windows. Fill
 windows with white glue or Kristal-Kleer. Be sure to clean
 out decal from window openings before filling windows.

N89S was the first DC-9-30 acquired by Southern Airways.

Apply the fuselage decals first,
 then add fin decals.

Cockpit Framing: Natural Metal
 Inside of Wheel Wells: Very Lt. Gray
 Landing Gear Struts: Very Lt. Gray
 Oleo on Strut: Shiny Metal
 Wheels: Aluminum
 Tires: Very Dk. Gray
 Engine Pylons: White, top and Bottom
 Flap Hinges: Natural Metal
