Wessex HAS.3

EN

The Wessex HAS.3 was an improved version of the previous HAS.1 helicopter. Between 1965 and 1968, forty-three HAS.1 models were upgraded to the new standard, easily recognisable for the dorsal dome of the search radar that gave the HAS.3 its nickname "Camel". Apart from this aspect, the modifications focussed mainly on the flight stabilisation system and the mission equipment, including the more effective Plessey sonar. The weaponry for anti-submarine missions typically consisted of Mk.44 or Mk.46 torpedoes, or Mk.11 depth charges. Starting in the mid-1970s, the Wessex HAS.3 was gradually replaced by the Sea King, though it remained in service long enough to participate in the Falklands War.

IT

Il Wessex HAS.3 era una versione migliorata del precedente HAS.1. Tra il 1965 ed il 1968, 43 esemplari furono portati a questo standard, facilmente riconoscibile per via del radome dorsale del radar da ricerca, che fruttò all'HAS.3 il soprannome di "Camel" (cammello). A parte questo, le modifiche si concentrarono principalmente sui sistemi di stabilizzazione del volo, e sulle apparecchiature di missione, tra cui un sonar Plessey di maggiore efficacia; l'armamento per le missioni antisom consisteva tipicamente in siluri Mk.44 o Mk.46, o cariche di profondità Mk.11. I Wessex HAS.3 furono progressivamente sostituiti dai Sea King a partire dalla metà degli anni '70, ma fecero comunque in tempo a partecipare alla Guerra delle Malvine.

DE

Wessex HAS.3 war eine verbesserte Version des vorhergehenden HAS.1. Zwischen 1965 und 1968 wurden 43 Exemplare auf diesen Standard gebracht, leicht zu erkennen aufgrund der Radarkuppel des Suchradsars, der dem HAS.3 den Spitznamen „Camel“ (Kamel) einbrachte. Abgesehen davon konzentrierten sich die Veränderungen hauptsächlich auf die Flugstabilisierungssysteme und auf die Einsatzausstattung, darunter ein Plessey-Sonar mit höherer Wirksamkeit; die Bewaffnung für Einsätze zur U-Boot-Abwehr bestand besonders in Torpedos vom Typ Mk.44 oder Mk.46 oder Tiefflederungen Mk.11. Die Wessex HAS.3 wurden ab Mitte der 70er-Jahre nach und nach durch die Sea King ersetzt, kamen jedoch noch im Falklandkrieg zum Einsatz.

WARNING: Model for adult modellers age 14 and over

IT

ATTENZIONE: Modello per collezionisti adulti di età superiore ai 14 anni

FR

ATTENTION: Modèle pour modélistes de 14 ans et plus.

DE

ACHTUNG: Modellbausatz Für Modellbauer über 14 Jahre.

NL

WAARSCHWING: Geschikt voor 14 jaar en ouder.

ES

ATENCION: Modelo para modelistas mayores de 14 años.

EN ATTENTION - Useful advice!

Study the instructions carefully prior to assembly. Remove parts from frame with a sharp knife or a pair of scissor and trim away excess plastic. Do not pull off parts. Assemble the parts in numerical sequence. Use plastic cement ONLY and use cement sparingly to avoid damaging the model. Black arrows indicate parts to be glued together. White arrows indicate on which frame the parts must be assembled WITHOUT using cement. These letters (A - B - C...) indicate on which frame the parts will be found. Paint small parts before detaching them from frame. Remove paint-where parts are to be cemented. Crossed out parts must not be used.

IT ATTENZIONE - Consigli utili!

Prima di iniziare il montaggio studiare attentamente il disegno. Staccare con molta cura i pezzi dalle stampate, usando un taglia-balsà oppure un paio di forbici e togliere con una piccola lima o con carta vetro fine eventuali sbavature. Mai staccare i pezzi con le mani. Montarli seguendo l'ordine delle numerazione delle tavole tabelle. Eliminare dalla stampata il numero del pezzo appena montato facendogli sopra una croce. Le frecce nere indicano i pezzi da incollare, le frecce bianche indicano i pezzi da montare senza colla. Usare solo colla per polistirolo. Le lettere (A - B - C...) ai lati dei numeri indicano la stampata ove si trova il pezzo da montare. I pezzi sbarcati da una croce non sono da utilizzare.

DE ACHTUNG - Ein nützlicher Rat!

Vor der Montage die Zeichnung aufmerksam studieren. Die einzelnen Montageteile mit einem Messer oder einer Schere vom Spritzguss entfernen. Eventuelle Grate werden mit einer Klinge oder feinem Schmiergelpapier beseitigt. Keinesfalls die Montageteile mit den Händen entfernen. Bei der Montage der Tafelnummernfolge folgen. Pfeile zeigen die zu klebenden Teile während die weissen Pfeile die ohne Leim zu montierenden Teile anzeigen. Bitte nur Plastikklebstoff verwenden. Die Buchstaben (A - B - C...) neben den Nummern zeigen auf welchem Spritzteil der zu montierende Teil zu finden ist. Die mit einem Kreuz markierten Teile sind nicht zu verwenden.

FR ATTENTION - Conseils utiles!

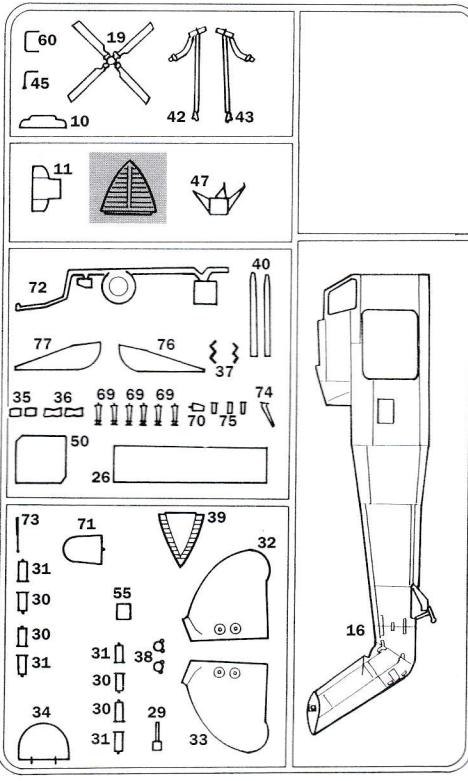

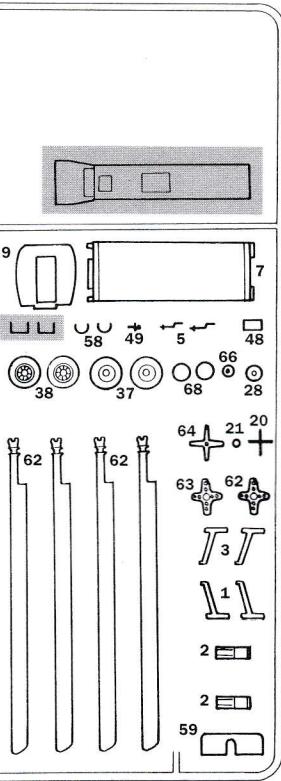

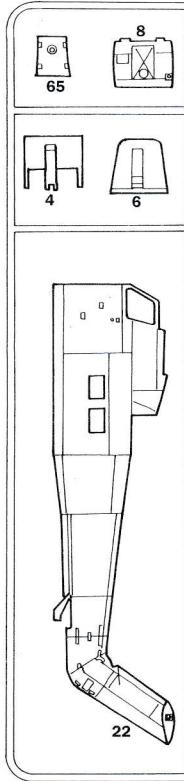

Avant de commencer le montage, étudier attentivement le dessin. Détacher avec beaucoup de soin les morceaux des moules en utilisant un massicot ou bien un paire de ciseaux et couper avec une petite lame avec de papier de verre fin ébarbages éventuels. Jamais détacher les morceaux avec les mains Monter les en suivant l'ordre de la numérotation des tables. Eliminer de la moule le numéro de la pièce qui vient d'être montée, en le biffant avec une croix. Les flèches noires indiquent les pièces à coller, les flèches blanches indiquent les pièces à monter sans colle. Employer seulement de la colle pour polystyrol. Les lettres (A - B - C...) aux côtés des numéros indiquent la moule où se trouve la pièces à monter. Les pièces marquées par une croix ne sont pas à utiliser.

NL OPGELET - Belangrijke bemerkingen!

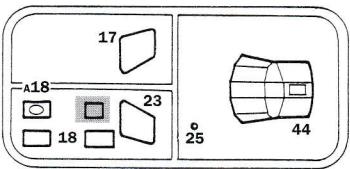

Bestudeer zorgvuldig het montagplan voor het bouwen. Breek nooit onderdelen van het kader. Maak ze los met een scherp mes of kleine nageltang. Verwijder daarna al het overtollige plastic en pas de delen afvoorbij te lijmen. Gebruik alleen lijm voor plastic modellen. Werk zorgvuldig en spaarszaam, teveel lijm zal uw model beschadigen. Zwarte pijlen duiden de te lijmen delen aan. Witte pijlen verwijzen naar bewegende delen welke niet mogen worden gelijmd. Deze letters (A - B - C...) geven de kaders aan waarvan de onderdelen zich bevinden. Schilder de kleine onderdelen voor ze van het kader te snijden. Verwijder de verf van de te lijmen oppervlakken.

ES ATENCION - Consejos útiles!

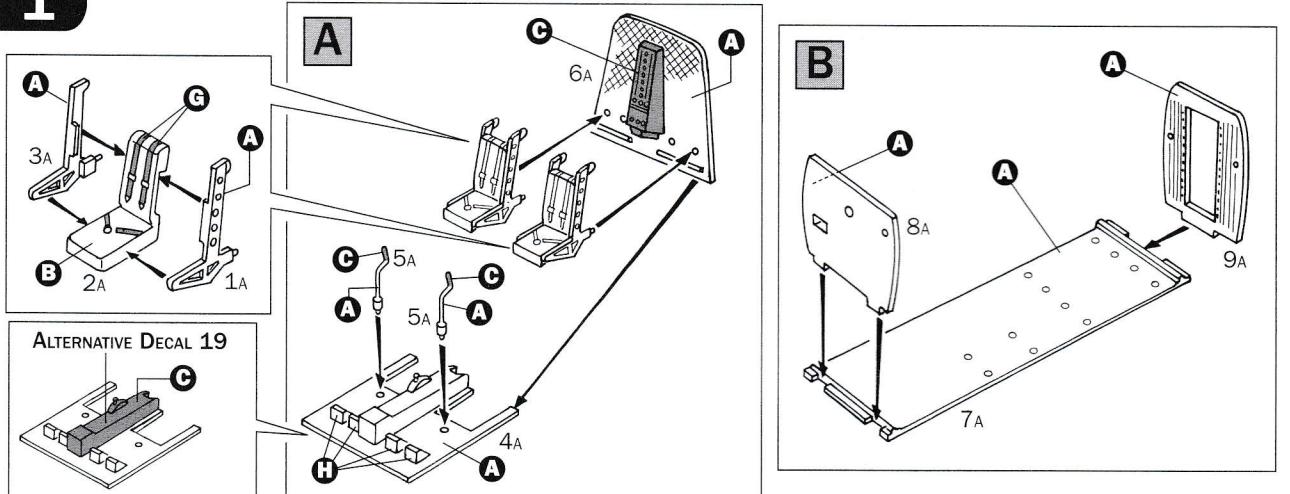

Estudar las instrucciones cuidadosamente antes de comenzar el montaje. Separar las piezas de las bandejas con un cuchillo afilado o un par de tijeras y retirar el exceso de plástico o rebada. No arrancar las piezas. Montar las piezas en orden numérico. Utilizar SOLAMENTE pegamento para plástico y en poca cantidad para evitar que se dane el modelo. Las flechas negras indican las piezas que se deben pegar juntas. Las flechas blancas indican las piezas que deben ensamblarse SIN usar pegamento. Las letras (A - B - C...) indican en que bandeja se encuentran las piezas. Pintar las piezas pequeñas antes de separarlas de la bandeja. Retirar la pintura de los lugares por donde se deban pegar las piezas.

Istruzioni per l'applicazione delle decalcomanie. Ritagliare le decalcomanie occorrenti dal foglio, immergerle in un bicchiere di acqua pulita per circa 10°, metterle in posizione sul modello e farle scivolare dalla carta: per una migliore aderenza comprimerle con una pezzuola pulita.

Direction for applying the decals: cut the required decals out of the sheet; dip the into a glass of clean water for about 10°; position the decals on the kit, letting them slide from the paper. For a better adhesion, press them by means of a clean rag.

Påsättning av decaler: klipp ut den decal som skall användas och doppa den i ett glas vatten under en 10°. Sätt decalen på plats på modellen och låt den sätta glida av pappret. För att den skall sitta ordentligt, tryck till med en torr disk.

Anweisungen für Abziehbilder-Anbringung: Die benötigten Abziehbilder vom Blatt abscheiden, in ein Glas reines Wasser für etwa 10° eintauchen, auf das Modell legen und dann vom Papierbogen abnehmen. Um eine bessere Haftung zu erzielen, die Abziehbilder mit einem reinen Tuch andrücken.

Instruction pour l'application des décalcomanies. Couper les décalcomanies choisies et les plonger environ 10° dans un peu d'eau propre. Les placer sur le modèle en les faisant glisser de leur feuille et presser avec un morceau de chiffon pour éliminer les bulles d'air.

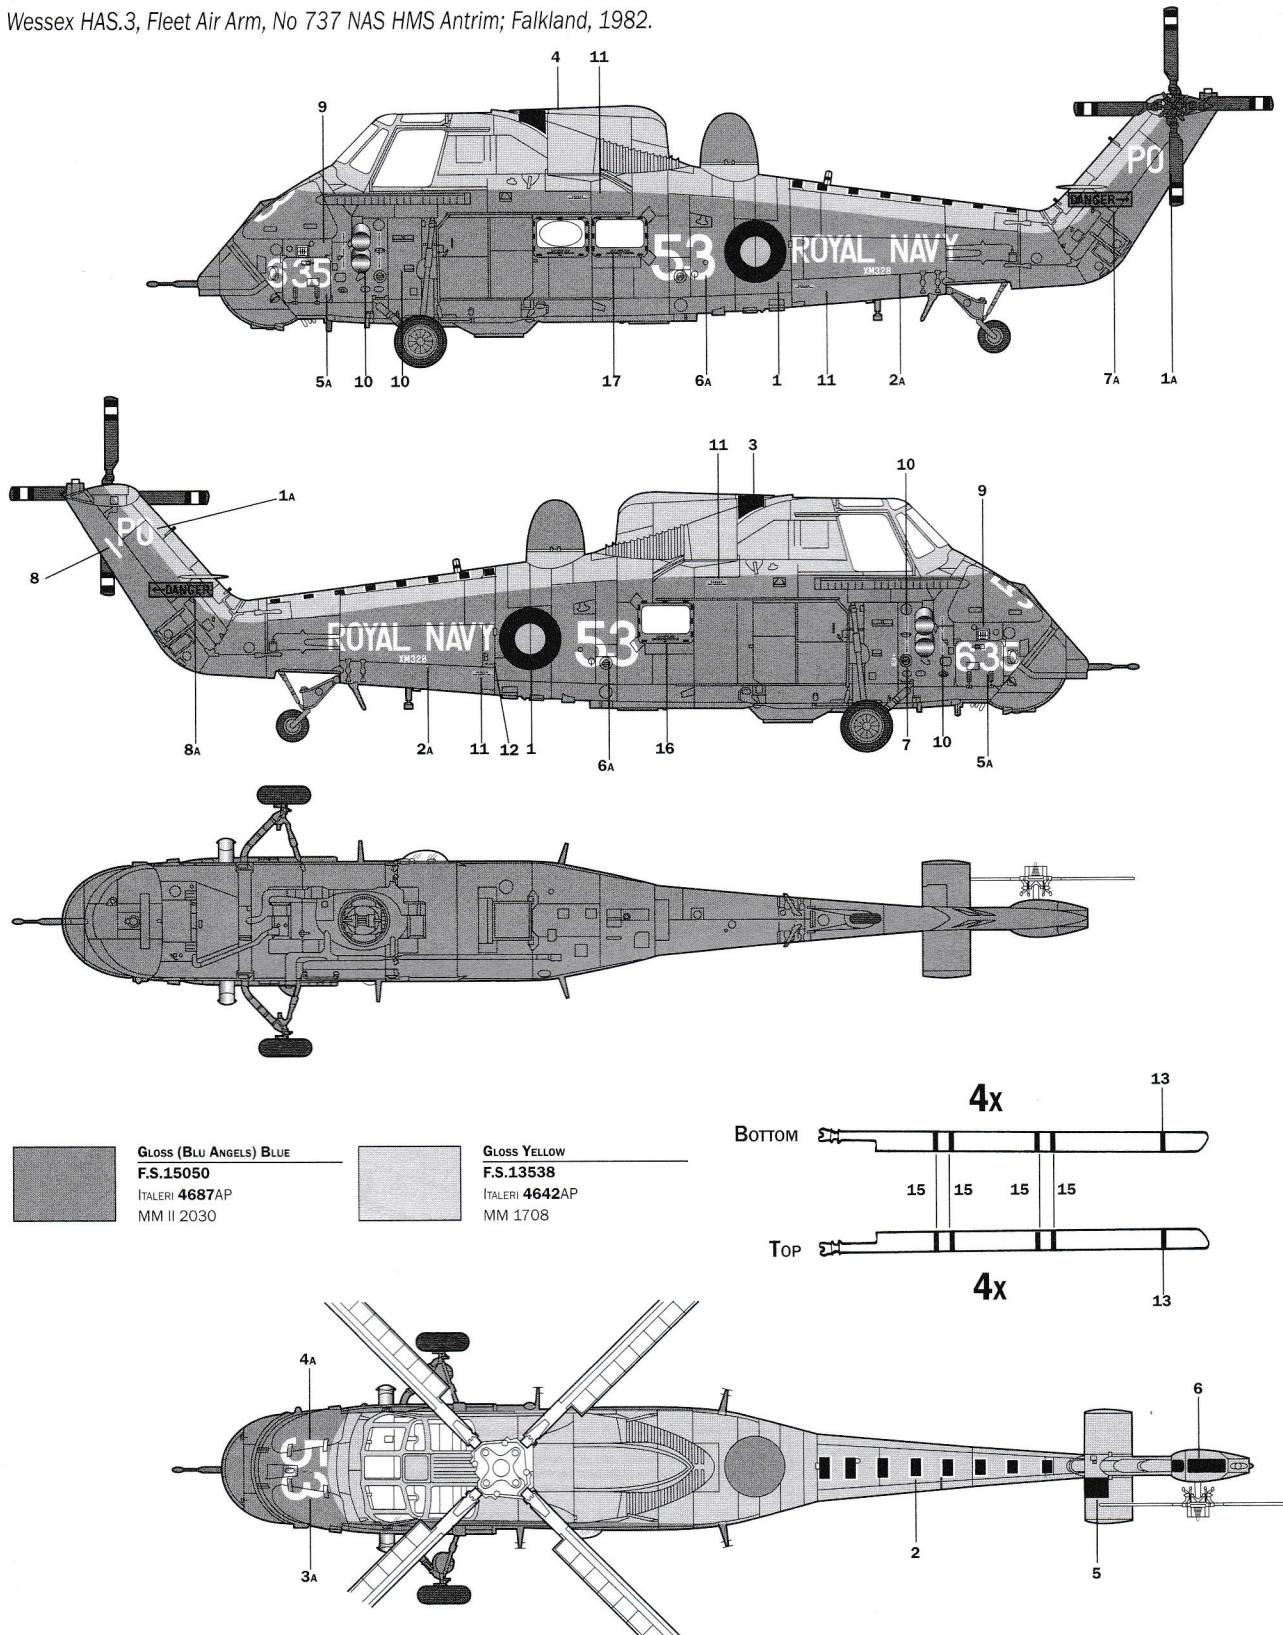

Instrucciones para la aplicación de las calcomanías: cortar las requeridas, sumergirlas en un recipiente de agua limpia durante 10°, colocar las calcomanías sobre el modelo, haciéndolas deslizar sobre el papel. Para una mejor adherencia, presionarlas con un trapo limpio.

Transfers: knip het benodigde deel uit, dempel et ca. 10° onder water, oudt het transfer tegen het model en schuif het vanaf het papier op zijn plaats. Met een schoon doekje aan drukken.

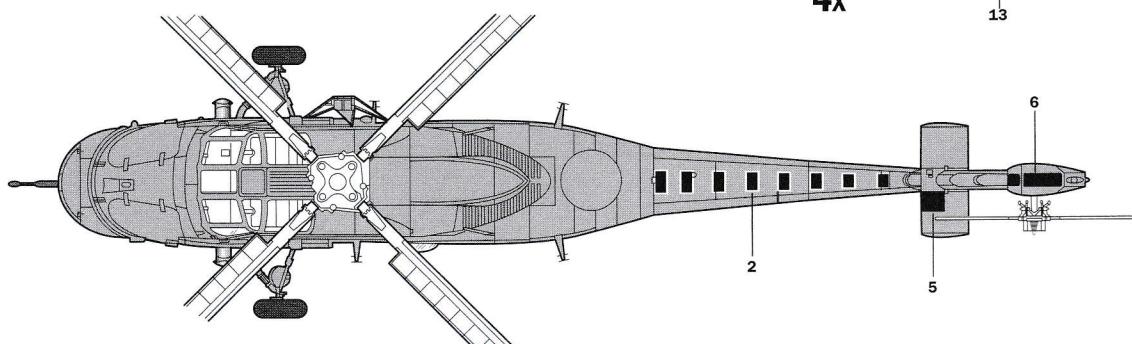

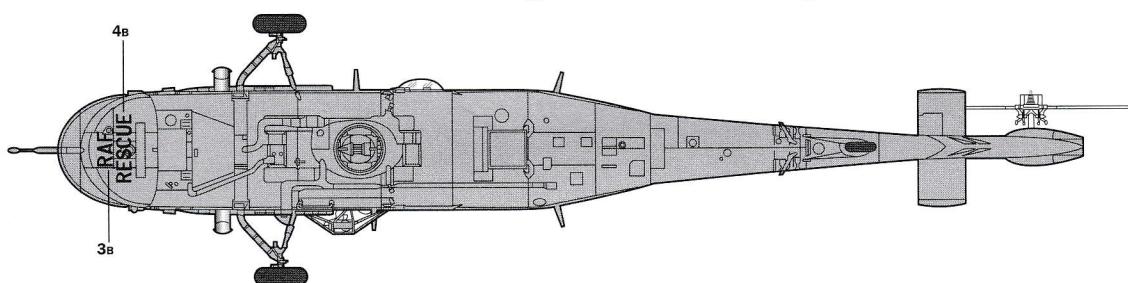

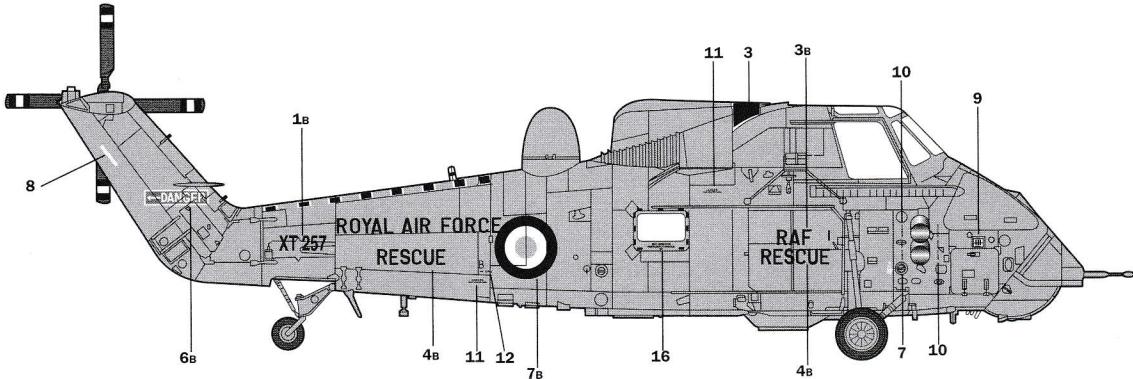

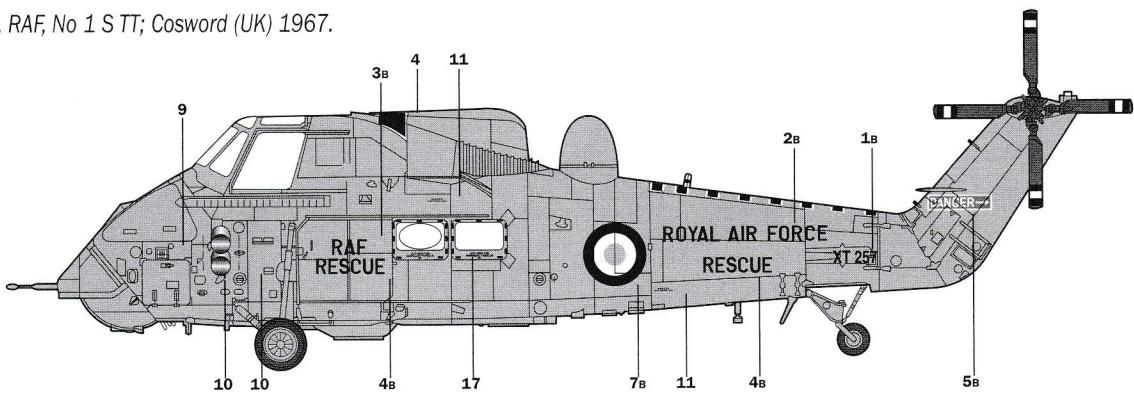

チカラル使用法: 完結から、それそれのマークを切り取ります。ぬるお湯に20秒くらいつけ、引き上げます。マークをすべりようにして紙からとり、模型の位置にはってください。やわらかな布でマーク上を押して気泡を取ってください。マーク裏面は、かわくまで手をふらないでください。

Указания по применению декалей: Отрежьте нужную вам часть декали от общего листа; поместите ее на 1/2 минуты в чистую воду, затем, выбрав необходимое место на модели, переведите туда изображение, сдвинув его с бумажной основы. Для лучшего прилегания промокните декаль чистой тряпкой.

Royal Australian Navy Westland Wessex HAS.31B

AUSTRALIAN MADE
PRINTED BY: ROWIN GRAPHICS

Note:A
Use Kit decals for these markings

INSTRUCTIONS:

Applying the decals.

- 1** We recommended that you cut as close to the item as possible to achieve the best results from each decal.
- 2** When soaking in water, you only need to soak them for a maximum of 11 seconds and then slide the item off the paper and straight on to the model.
- 3** Once on the model and in the right position, lightly press down on it with a dry tissue to soak up the excess water.
- 4** Once the decal has set and is dry you may then use some decal setting solution to help the decal adhere to the paint on the model.

Notes:

These decals are still raw and do not have a clear varnish finish on them.

This is to prevent them from cracking and turning yellow over time in storage.

How ever, there is a thin film of oil on them so before you apply any clear lacquer to them once they are on the aircraft we recommend that you give them a light wipe over with a soapy damp cloth. Then you can apply some clear acrylic lacquer to your model.

Warning: Be very gentle with the decal film when applying to the model. As the decal film is very thin and may tear if mistreated.
