

SIRADAKİ PROJE KONYA VE MALATYA FANTOMLARI

COMING SOON – Phantoms of Konya and Malatya

NOT: Dekal setimiz ile Revell ve Hasegawa markalı tüm F-4E ve RF-4E kitlerini kullanabilirsiniz. Türk Hava Kuvvetleri envanterinde pek çok farklı ülkeden pek çok farklı kamuflaj paterni ve konfigürasyona sahip F-4 E girmiştir. Bu sebeple aynı filoda birbirinden farklı boyamaya sahip Fantomlar görülebildiği gibi zaman zaman aynı uçağın bile farklı kamuflaj ve konfigürasyonla görülmesi mümkündür.

Bu kılavuzda en doğru patern ve yerleşimi sunmak için elimizden geleni yapmış olsak da herhangi bir hataya düşmemek için mümkün olduğu kadar çok referans fotoğrafı incelemenizi öneririz.

Bu dekal seti ile 6 farklı alternatif şemadan 3 tanesi tamamlanabilir. Diğer 3 versiyonu da tamamlamak isterseniz Babibimodel'in DDT-01012 kodlu 1/72 Ek Stencil set'ini edinmeniz yeterli olacaktır.

Değişik borda ve kuyruk numaralı uçaklar, SEA kamuflajlı RF-4E ve EURO1 kamuflajlı F-4 modeli yapmak için Babibimodel'in DDT-01002 kodlu 1/72 THKK Rakam Setini edinmeniz gerekecektir.

NOTICE: Decal set is suitable with all Revell and Hasegawa F-4E and RF-4E kits. TuAF has received many different Phantoms from various air forces around the world. Because of that reason Phantoms of the same squadron can have different paint schemes and/or different configurations. Even the same aircraft can have different camouflage schemes. Even if we did our best to provide most accurate positioning for each squadron's decal set in this manual, we strongly recommend to check as much reference photos as possible to avoid an inaccuracy. With this decal set it is possible to finish up 3 models of three different squadrons. The additional stencil set (DDT-01012) would make it possible to finish up 3 more squadron's models for your collection.

Also Babibi's Aircraft Numbers Set (DDT-01002) is needed to model TuAF's RF-4E with SEA camouflage and F-4E with EURO1 camouflage scheme.

Tavsiye Ettiğimiz Ürünler WE ALSO RECOMMEND:
