This technical drawing illustrates the MiG-21 fighter aircraft from a side-on perspective, highlighting several key structural and systems components. The aircraft features a distinctive delta-wing configuration. Key labeled parts include:

- Front Section:** The cockpit area is labeled with callout 'H' and reference number 1. The nose landing gear fairing is labeled with callout 'N' and reference number 86.
- Left Wing:** The leading edge is labeled with callout 'I' and reference number 87. The main wing panel includes labels '1', '31', and '88'.
- Right Wing:** The leading edge is labeled with callout 'J' and reference number 85. The main wing panel includes labels '1', '85', '86', and '86'.
- Centerline:** The vertical stabilizer is labeled with callout 'K' and reference number 85. The horizontal stabilizer is labeled with callout 'L' and reference number 83.
- Bottom View:** The undercarriage and engine nacelles are labeled with callouts 'B' and 'C' respectively, both associated with reference number 1.
- Front View:** The front landing gear fairing is labeled with callout 'A' and reference number 1. The front landing gear itself is labeled with callouts '79+91' and '1'.
