AIRWAVES

This set is manufactured from photo etched brass sheet and is for the Hobbycraft kit. Etched brass should be thoroughly cleaned for painting. To separate parts support on a firm surface and cut as near to the part as possible using a sharp blade.

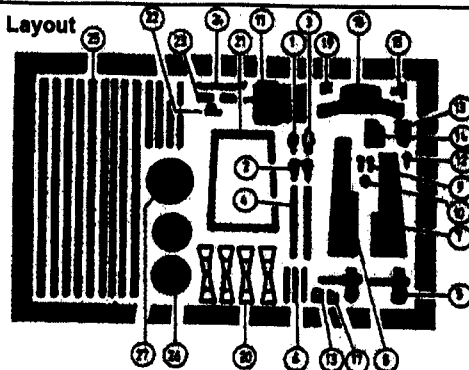

To fold use Airwaves Folding tool AM022 for a good and even fold.

Airwaves are manufactured and distributed by

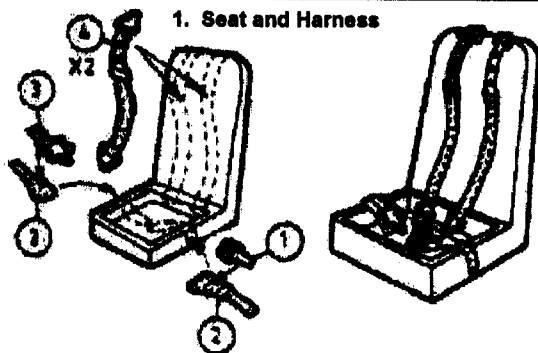

E.D. Models, 64 Stratford Road, Shirley, Solihull, England B90-3LP
