USE A VERY SHARP KNIFE AND TWEEZERS TO REMOVE AND PLACE. THIS VINYL IS VERY STICKY AND WILL STRETCH. YOU CAN GIVE YOURSELF SOME LEEWAY BY WETTING THE CANOPY WITH SOAPY WATER BEFORE APPLYING. SOME PARTS WITH COMPOUND CURVES HAVE BEEN PROVIDED AS MULTIPLE PIECES. TURRETS AND BUBBLES MAY REQUIRE ADDITIONAL MASKING WITH SCRAPS. SAVE YOUR SCRAPS; THEY ARE GREAT FOR STRIPES AND MASKING AROUND CURVES!
