Visit to www.uprise-decal.ru for more Saudi BAC Lightnings

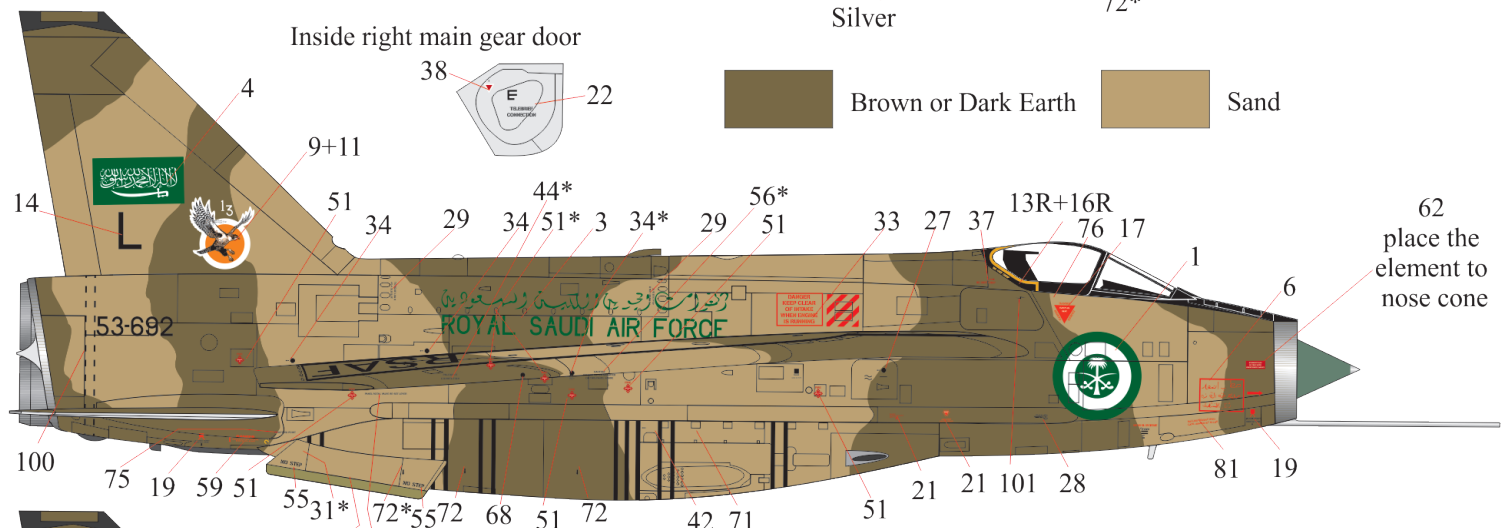

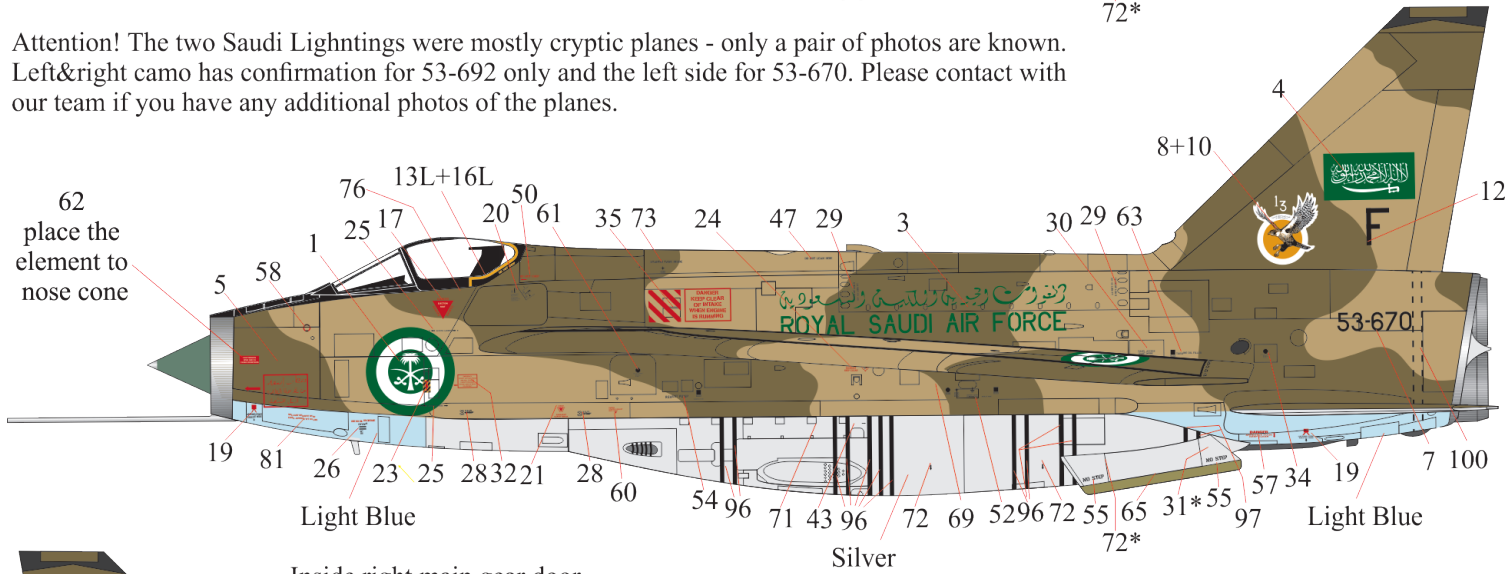

...and F.Mk.52 & T.Mk.55 soon

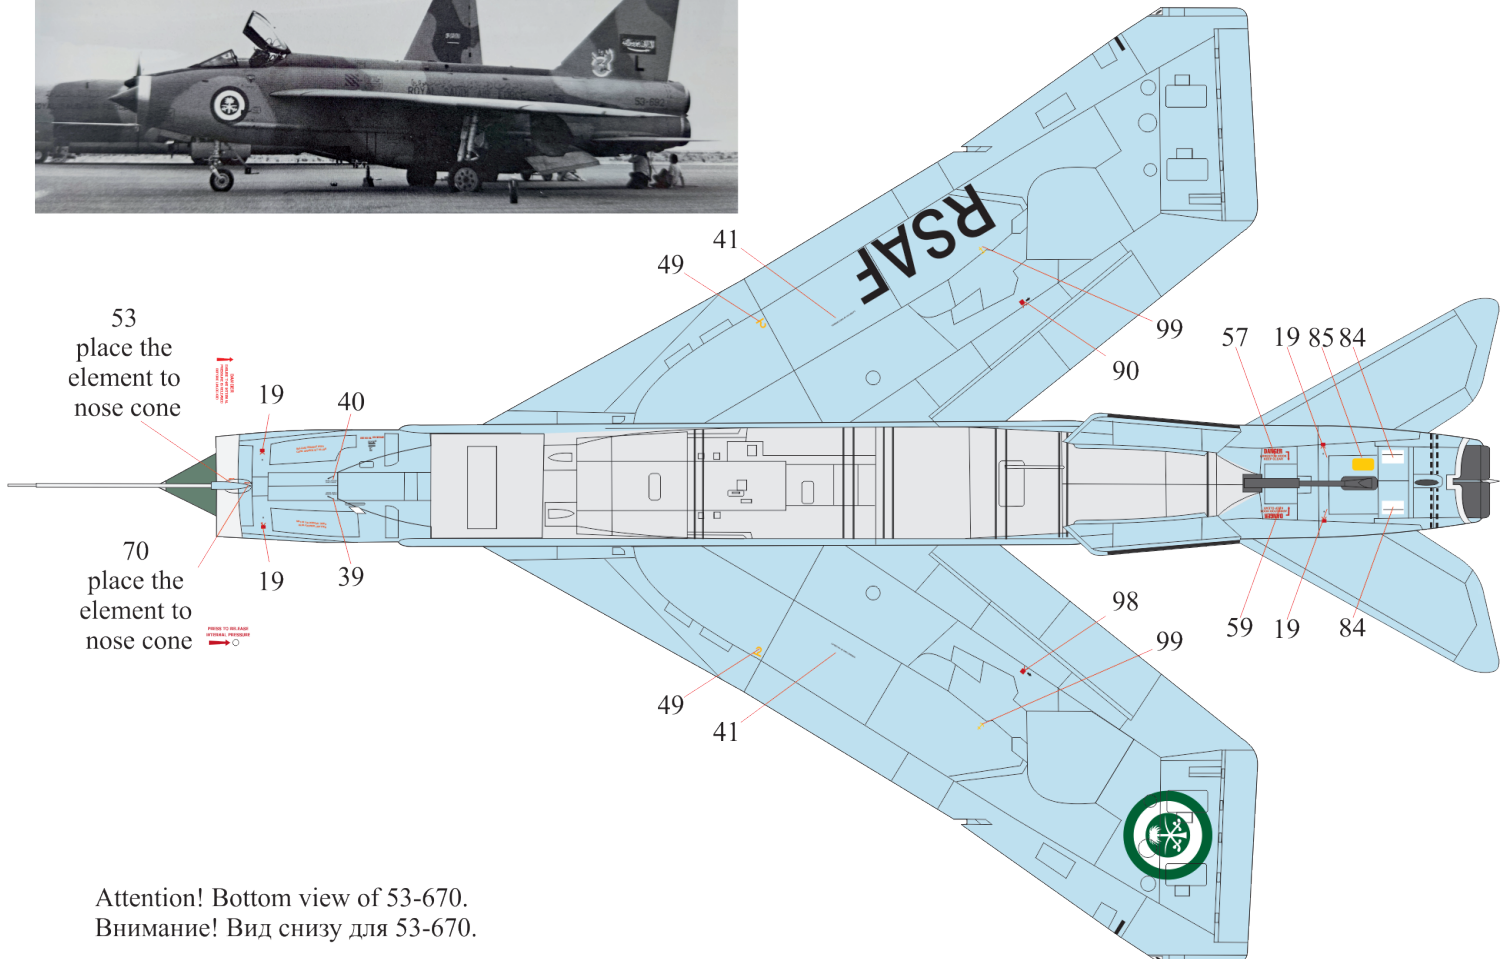

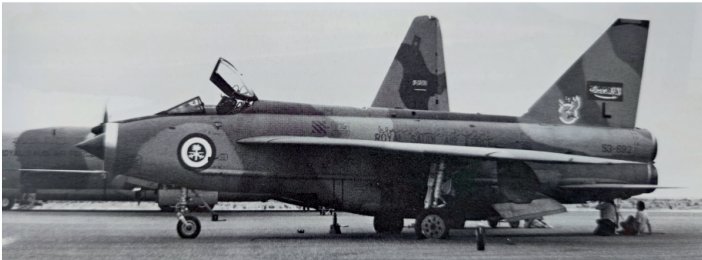

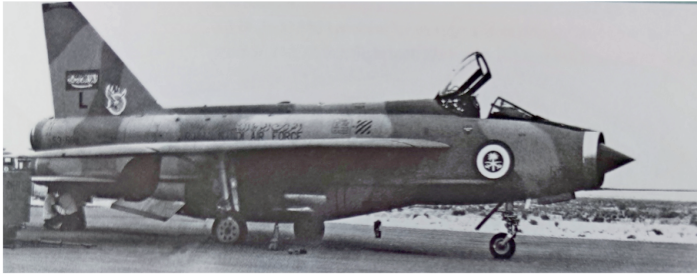

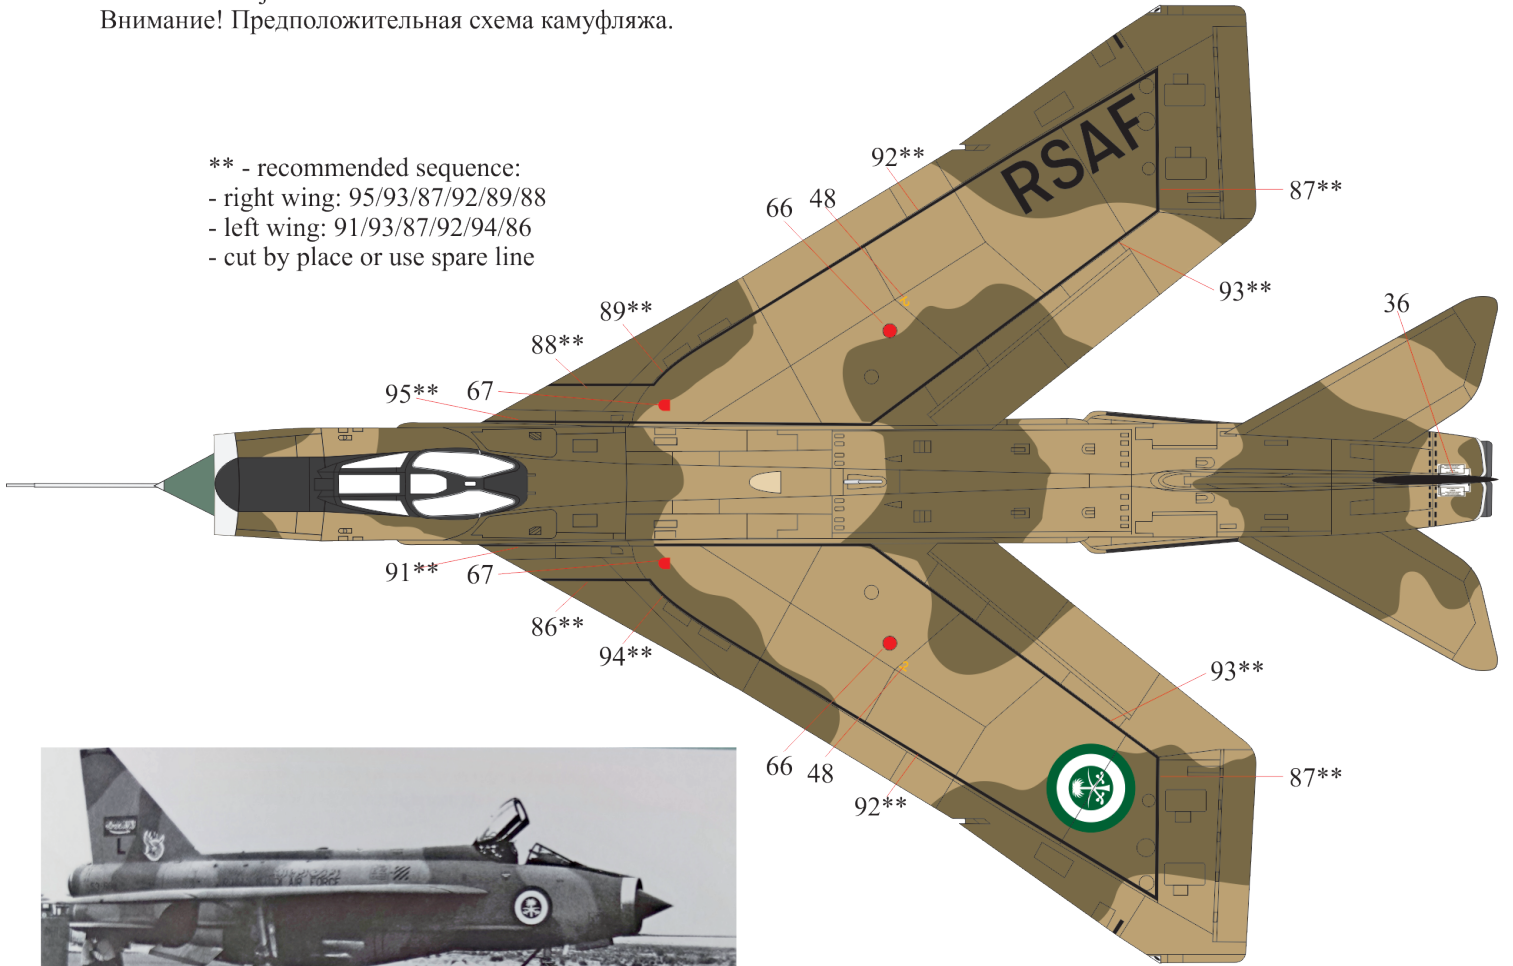

Attention! The two Saudi Lightnings were mostly cryptic planes - only a pair of photos are known. Left&right camo has confirmation for 53-692 only and the left side for 53-670. Please contact with our team if you have any additional photos of the planes.

Внимание! Эти два самолёта являются одними из самых загадочных - известны буквально несколько фото. Ими подтверждаются камуфляж слева/справа для 53-692 и слева для 53-670. Свяжитесь с нашей командой, если у Вас есть дополнительная информация.

Attention! Conjectural camo.
