A7D CORSAIR UPDATE SET 544

CAUTION

These photo-etched parts and resin accessories can only be glued with cyanoacrylate (Super-Glue). Thoroughly clean the parts before gluing.

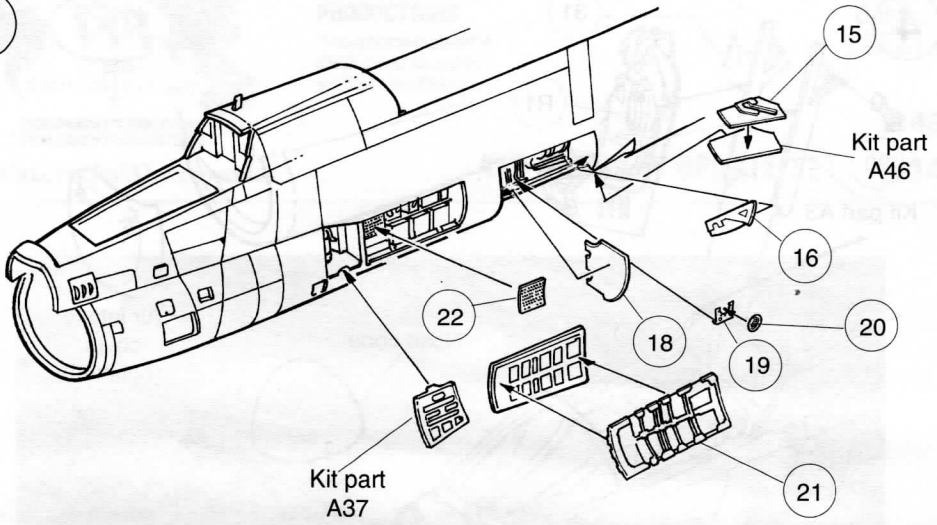

This update set is designed on Hasegawa's 1/48 A7D. Parts of this set can be used on the A7E from the same manufacturer.

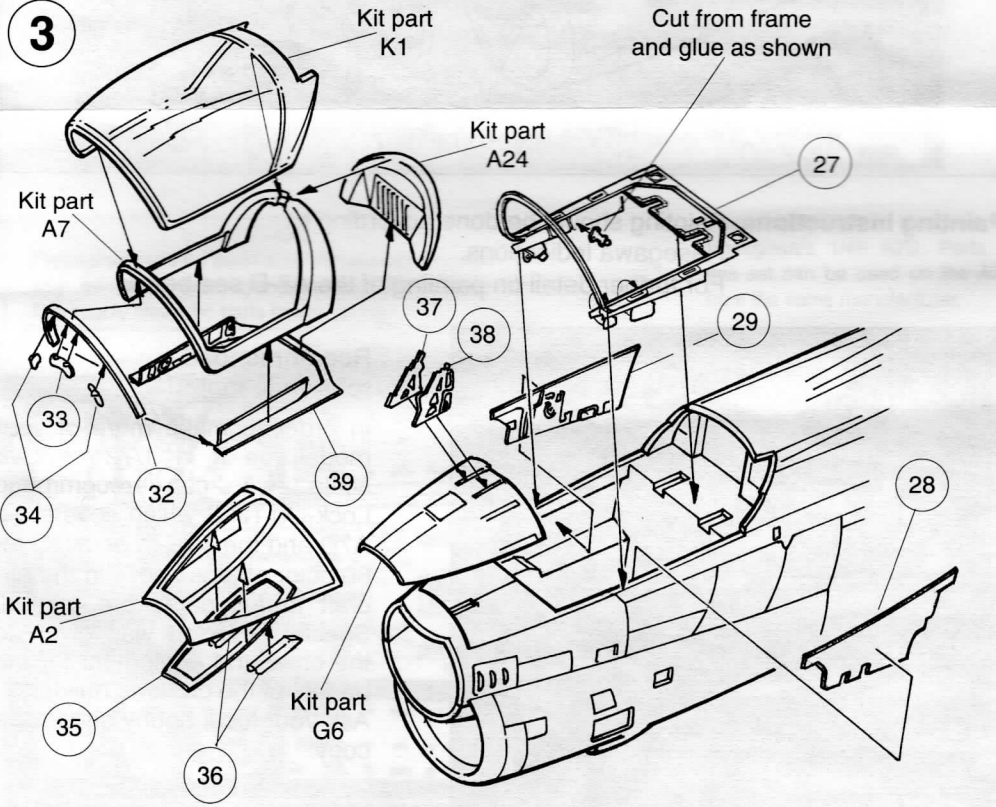

Remove the shaded areas.

Painting instructions: Painting should be done according to Hasegawa indications.
For further detail on painting of the A7-D see below.

Recommended reference material:

In order to make more of your model, be it in 1/72 or 1/48 scale we can recommend Lock-On N° 8 which covers the A7D and the A7K in detail. Over 80 color photos showing the aircraft in full detail are printed. Special attention was given to the crew and equipment for the benefit of the diorama builders. Ask your local hobby shop for a copy.
