2007-2011

2011-2013

This sheet is the culmination of several years and three previous sheets. we were fortunate to be asked to assist in the planning stages to provide graphics and profiles that the squadron may use for planning their Anniversary paint scheme. Seeking inputs from several notable jr historians, we submitted several variations for command review. While the final paint scheme adorning victory 200 was the squadrons design, we were honored to play even a small part in celebrating their 70th anniversary milestone.

In addition to previous sheets 'Special Thanks' we must note the contributions of the following individual who went above and beyond in the realm of assistance.

Andrew Desautel, Brian Marbrey, Neil Nacchio, Mike Pister, Dan Teker

**\*NOTE**  
PLACE THE #1 DECAL ON THE AIRFRAME WHEN THE LEADING EDGE IS DROPPED. PLACE ON SAME POSITION FOR BOTH SIDES.

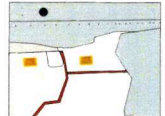

**NOTE:**  
NOT EVERY STENCIL IS APPLIED OR VISIBLE ON EVERY AIRCRAFT. WHILE PLACEMENT IS GOVERNED BY THE NAVY AND AIRCRAFT MANUALS, THEY ARE NOT ALWAYS APPLIED EXACTLY THE SAME WAY OR IN THE SAME PLACE. WE HAVE MADE EVERY EFFORT TO DOCUMENT THE AIRCRAFT PRESENTED ON THIS SHEET EXACTLY AS THEY WERE FOR THEIR GIVEN TIME FRAME. MAINTENANCE, CORROSION CONTROL AND OPERATIONAL USE ALL CONTRIBUTE TO THE WEATHERING OF THE AIRCRAFT AND ITS MARKINGS.

**\*NOTE**  
Place "B" marking on both sides of pylon #3 & 4, 8 & 9.
