# SCHWEIZER TIGER

Swiss Air Force F/A-18C Hornet

Some trimming will be needed for a perfect tail fit

Thanks to Joerg Stange this decal was possible to make.

This Hornet is based at Meiringen Airbase in Central Switzerland. It is operated by Fliegerstaffel 11 (<http://www.fliegerstaffel11.ch/>) which is a member of the NATO Tiger Association (<http://www.natotigers.org/>).

It was painted for the 2007 NATO Tiger Meet to be held in Orland, Norway
