

Kamov Ka-27M "HELIX" Conversion Set

1:72nd scale for ZVEZDA kit

Highly detailed resin exterior upgrade set. For Kamov Ka-27M, ZVEZDA 172 M. TO 72085

The Ka-27M is an advanced upgraded version of the Ka-27 multi-purpose naval helicopter. The Ka-27M is intended to perform anti-submarine warfare (ASW) and anti surface warfare (ASUW) missions.

Small parts will be held in place by the "HELIX" resin. For exceptional stability, they also have a scratch strip and very fine design and require careful care and accuracy in assembly, for best result giving you optimum scale glaze for finishing.
