For Italeri kits

Resin Parts

Decal

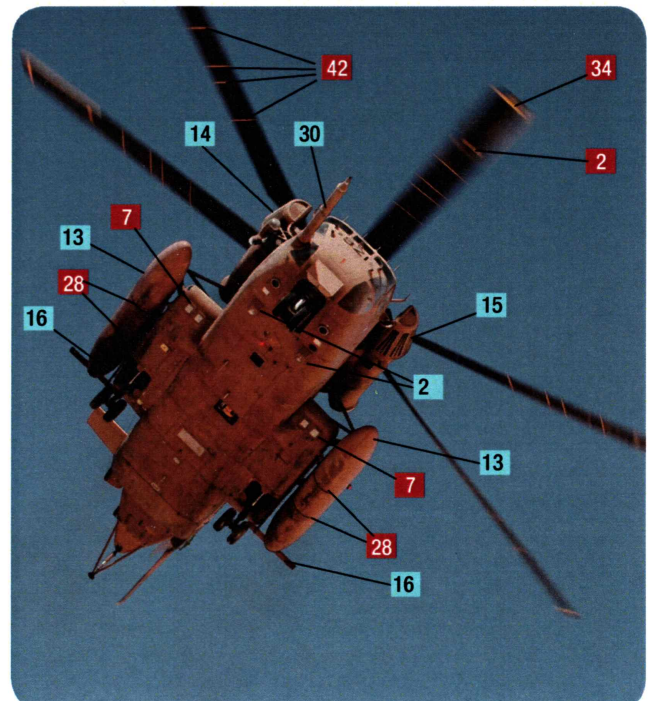

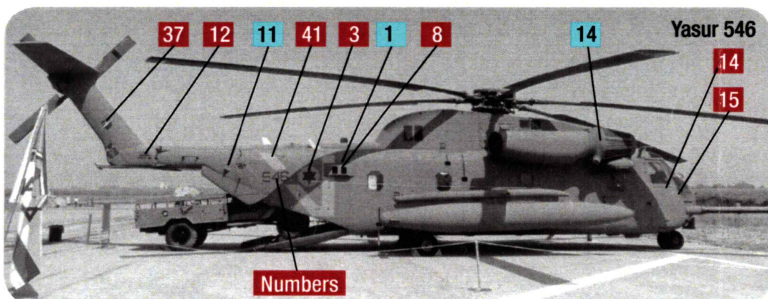

This set provides most of the parts to convert the Italeri kit into CH-53 'Yasur 2025' as well as 'Yasur 2000' and the unconverted standard CH-53s from 1985.

Yasur 538, 1995

■ Decal number ■ Resin part

All CH-53s had their main rotor aluminum blades replaced with titanium ones (parts #31). The blades are painted matt black. Four thin yellow lines (decals #42) and one thick line (decals #34) are painted on both sides of the blades.
