

KC-135R

STRATOTANKER

**16 MARKING OPTIONS
FOR USAF STRATOTANKERS**

1/144 SCALE

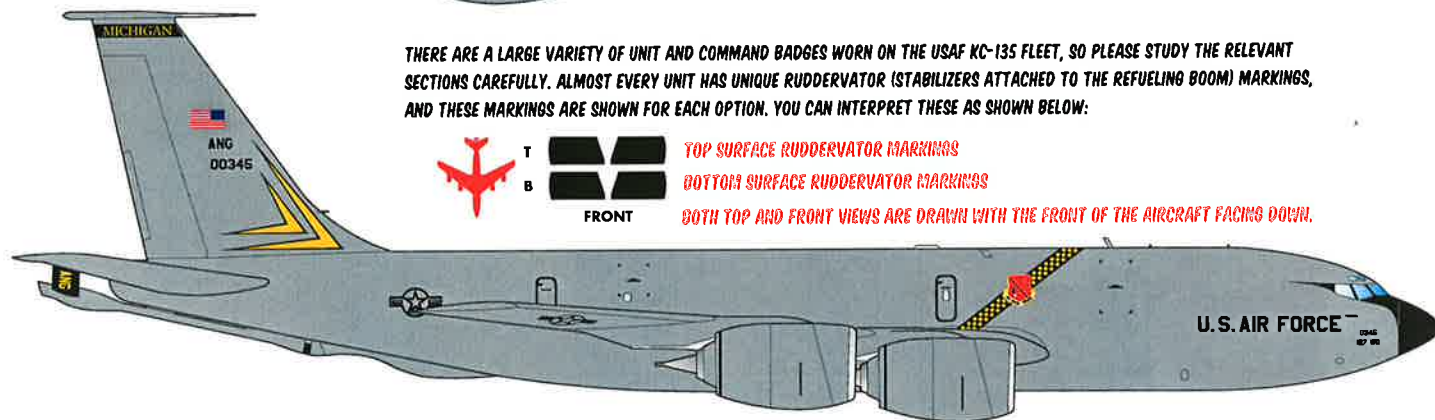

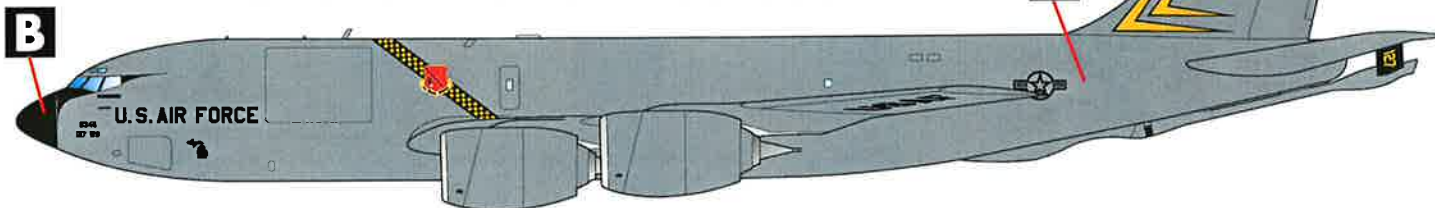

DECALS PRINTED BY

OPTION 10: KC-135R 60-0345
127 WING, MICHIGAN ANG

OPTION 10 IS THE ONLY KC-135 ON THIS SHEET WITH NON-STANDARD FUSELAGE MARKINGS, AND HAS BEEN CHOSEN TO PROVIDE AN OVERALL VIEW OF THE FUSELAGE HERE. ALL OTHER OPTIONS ARE REPRESENTED WITH PARTIAL NOSE AND TAIL MARKINGS ONLY - THEY HAVE NO OTHER MARKINGS ON THE FUSELAGE. FOR EXACT PLACEMENT OF STENCILS AND DOOR MARKINGS, REFER TO THE STENCILLING SECTION ON THE LAST FOUR PAGES.

THERE ARE A LARGE VARIETY OF UNIT AND COMMAND BADGES WORN ON THE USAF KC-135 FLEET, SO PLEASE STUDY THE RELEVANT SECTIONS CAREFULLY. ALMOST EVERY UNIT HAS UNIQUE RUDDERVATOR (STABILIZERS ATTACHED TO THE REFUELING BOOM) MARKINGS, AND THESE MARKINGS ARE SHOWN FOR EACH OPTION. YOU CAN INTERPRET THESE AS SHOWN BELOW:

TOP SURFACE RUDDERVATOR MARKINGS

BOTTOM SURFACE RUDDERVATOR MARKINGS

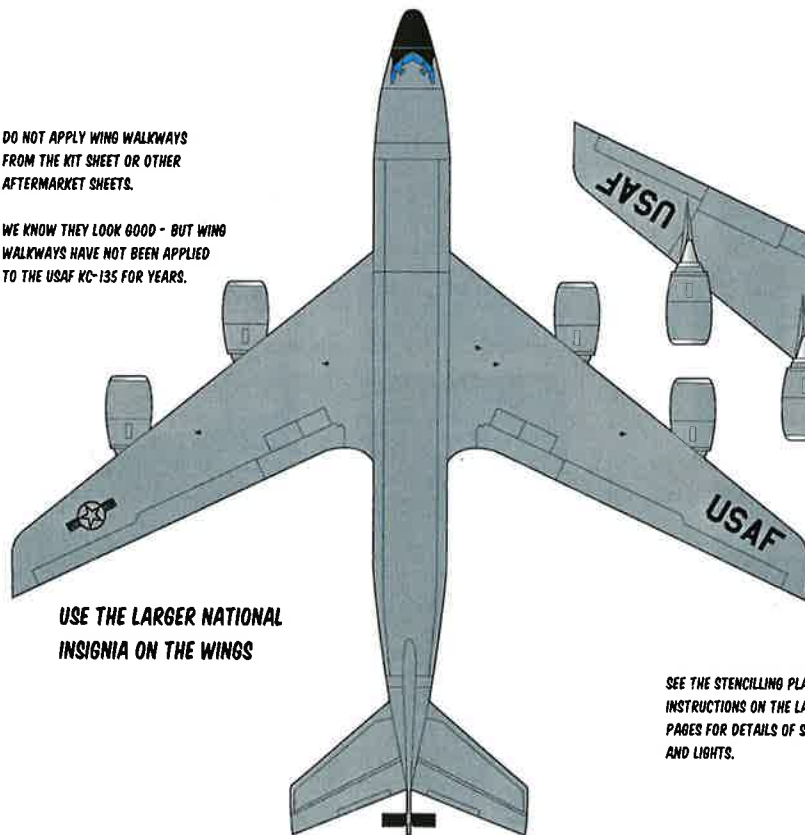

BOTH TOP AND FRONT VIEWS ARE DRAWN WITH THE FRONT OF THE AIRCRAFT FACING DOWN.

FOR OPTIONS WITH DECORATIVE TRIM AROUND THE NOSE AREA, PLEASE REFER TO THE REFERENCE PHOTOS AT:

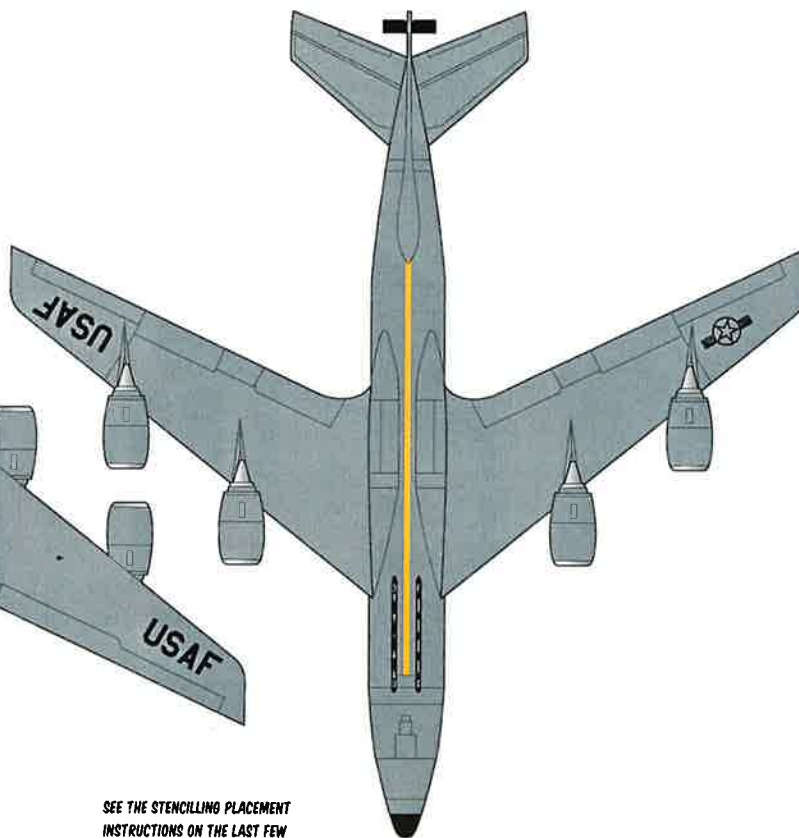

[HTTP://WWW.CARACALMODELS.COM/REFERENCES/CD144001](http://www.caracalmodels.com/references/cd144001)

DO NOT APPLY WING WALKWAYS FROM THE KIT SHEET OR OTHER AFTERMARKET SHEETS.

WE KNOW THEY LOOK GOOD - BUT WING WALKWAYS HAVE NOT BEEN APPLIED TO THE USAF KC-135 FOR YEARS.

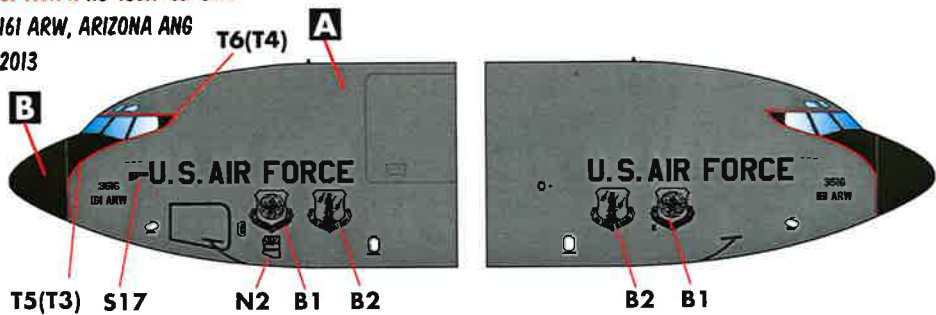

USE THE LARGER NATIONAL INSIGNIA ON THE WINGS

SEE THE STENCILLING PLACEMENT INSTRUCTIONS ON THE LAST FEW PAGES FOR DETAILS OF STENCILS AND LIGHTS.
